BOARD OF REVENUE, L. P. ;

FORT WILLIAM,

Superintendent.

The of 188 . }

N.B.—Particular attention is drawn to the provisions of the salt law, Act VII (B.C.) of 1864, and the rules prescribed under it. Section 21 of the Act prescribes that the sale, loss, or disposal within chowkey limits of any portion of this salt must be immediately certified on the back of this rowannah, under a penalty for omission of a fine of Rs. 5 per maund.

Section 22 of the Act and section 41 of the rules are as follows:—If all the salt specified in a rowannah be disposed of within the salt law limits, such rowannah shall be delivered up to the officer in charge of the police-station within which the last parcel of the salt shall have been disposed of. If any part of the salt specified in such rowannah be carried beyond the said limits, such rowannah shall in that case be delivered up to the officer in charge of the last police-station which such salt may have to pass before being carried beyond the said limits. If any person in charge of salt shall fail to comply with the provisions of section 22 of the Act, the owner of such salt shall be liable to a fine not exceeding Rs. 500.

Rule 46 requires that on the arrival of the salt for storage in a warehouse or shop within salt law limits, the fact must be notified to the Collector of the district within 24 hours, under a penalty for failure not exceeding Rs. 10.

Rule 47 requires that every salt trader within salt law limits must, on the first of every month, submit to the Sub-divisional Officer, or to the nearest abkaree Darogah, or police-station, or outpost, a signed statement of salt sold under each wholesale or *atrafee* rowannah in the previous month, and the salt remaining in store under each such document on the last day of such month. Each offence against this rule is punishable with a fine of Rs. 20. Forms in which such statements are to be submitted can be obtained from the Collector of the district.

Rule 36C requires that if a rowannah taken out to protect salt in transit out of the excepted limits be not so used, the holder thereof must first apply to the Board to have the rowannah cancelled; and then obtain from the Collector of Customs, on receipt of a letter of advice from the Board, a certificate to enable him to land the salt in the excepted limits.

Position of Gwalia Reef.

With reference to the existence of a shoal reported in lat. 1° 12½' S., long. 108° 43½' E., on which the British ship *Gwalia* was totally wrecked on 15th February 1880 :—

The British Hydrographic Office has notified that the following further particulars have been received from Lieutenant and Commander W. H. J. Nowell, H.M.S. *Foxhound*, resulting from an examination of the locality made in May 1880 :—

This danger (*Gwalia Reef*) is of coral formation, nearly circular in shape, and about half a mile in diameter ; the general depths over it are from 3 to 4 fathoms, but there are two

patches, breaking at low water, on which the least depth found was 4 feet; the reef lies with the following bearings, viz.—

Carimata Peak	S. 34° E.
Panambungan North Peak	S. 81° E.

Position as given, lat. 1° 3' S. long. 108° 33' E.

During the *Foxhound's* stay the current set W.S.W. from one to two knots per hour; the rise of tide was observed to be about 7 feet, one high and one low water occurring in the 24 hours.

RED SEA—HANISH ISLANDS.

Position of Parkin Rock.

The British Hydrographic Office has notified that the following information has been received from Commander J. E. Pringle, H. M. S. *Vulture*, relative to the position of Parkin rock, lying about $3\frac{1}{2}$ miles eastward of Rugged island, one of the Suyul Hanih group:—

The rock, which appeared to be about 8 feet above water (in August), lies with the following bearings, viz:—

South-east point of Qubin islet ...	N. 3° 40' E.
South point of Rugged island ...	S. 83° 40' W., distant $4\frac{1}{2}$ miles.

These bearings place Parkin rock S. S. W. one mile from the position formerly assigned to it.

[The bearings are Magnetic. Variation $4\frac{1}{2}^\circ$ Westerly in 1880.]

NOTIFICATION.

The 23rd October 1880.—The following rules, passed by the Lieutenant-Governor under section 75(b) of the Indian Forest Act VII of 1878, are hereby published for general information:—

Rules for the grant of Rewards to Government Officers and others in cases under the Indian Forest Act.

All non-gazetted Government officers and persons not in the employ of Government are eligible for rewards under these rules.

2. Any Magistrate convicting an offender of any forest offence, or directing the confiscation of any property under section 56 of the Act, may grant, in such proportion as he thinks fit, to any person or persons who have contributed to the seizure of the property or the conviction of the offender, a reward not exceeding the value of the property confiscated, plus the amount of any fine imposed.

3. The forest officer prosecuting the case may, if no reward is granted by the Magistrate, apply to the Magistrate for orders regarding the distribution of fines and the value of forfeitures. In the event of the Magistrate's refusal, reference may be made by the Conservator of Forests to the local Government.

4. Rewards granted under these rules shall be disbursed at once, if they are less than Rs. 100. If they are over Rs. 100, that sum only will be disbursed at once, and the rest after the period of appeal has expired, or the appeal has been rejected. In the event of the conviction being reversed on appeal, the amount paid in rewards shall not be recovered from the persons to whom it has been paid, unless it shall appear that they have acted fraudulently.

5. In cases where, under section 67 of the Indian Forest Act, a forest officer has accepted a sum of money as compensation for any damage which has been committed, the Conservator of Forests may authorize the payment of a portion of the amount realized as a reward to any person who may have contributed to the discovery of the offender.

NOTIFICATION.

The 18th October 1880.—Under the provisions of section 11 of Act VII (B.C.) of 1864 and of sections 9 and 204 of the Sea Customs Act, VIII of 1878, the Lieutenant-Governor is pleased to approve and notify the following rules for the guidance of officers engaged in the administration of the Salt Department in Bengal, in supersession of the notification published in the *Calcutta Gazette* of 24th February 1869. The present notification contains such alterations and additions as have been sanctioned from time to time by the Government of Bengal since the above date.

SECTION I.—DEFINITION OF THE LIMITS WITHIN WHICH THE POSSESSION AND TRANSPORT OF SALT SHALL BE REGULATED BY ACT VII (B.C.) OF 1864.

Under the provisions of section 12 of Act VII (B.C.) of 1864, the following limits are defined as those within which the possession and transport of salt shall be regulated in the manner provided in the said Act.

The whole tract of country, with the exception noted below, included between the sea-board of the Bay of Bengal and a continuous line drawn from the southernmost point of the coast of Chittagong to the southernmost point of the coast of Cuttack, so as to include the following districts and parts of districts:—

The district of Chittagong, except thanas Futtickcherry, Raojan, and Satkania, and outpost Rangoonea.

The district of Noakholly, except thanas Ramgunge, Begumgunge, and Chagulnaya.

1. Nijkmajra.
2. Langalmora.
3. Dakin Daulatpore.
4. Uttar Daulatpore.
5. Durgapur and Khamar Rajpur.
6. Sibnagar.
7. Lakhimpore.
8. Jaypore.
9. Ghopal.
10. Jaychandpore.

11. Chhanygharia.
12. Uttar Kuhnma.
13. Dakhin Kuhnma.
14. Uttar Mandia.
15. Dakhin Mandia.
16. Nichinta.
17. Dakhin Ballabpore.
18. Uttar Ballabpore.
19. Jazannath Sonapore.
20. Bazar Karia.
21. Kaiara.

The exception as regards Chagulnaya thana does not apply to the villages noted in the margin, which are still included within salt limits.

The district of Backergunge, except the sudder sub-division, the sub-division of Madareepore, and thana Sharupkati in the Perozepore

sub-division.

The sub-divisions of Khoolna and Bagirhat in the district of Jessore.

The district of 24-Pergunnahs, except the sub-divisions of Baraset and Barrackpore, and thanas Kalara, Satkhira, Magra, and Baduria.

The thanas Bally, Golahbaree, Howrah, Shibpore, Doomjor (including Sankrial), Oolobarya, and Shampore in the district of Howrah.

The thanas Rughunathpore, Contai, Kedgerree, Bhogwanpore, Nundigram, Sootahattee, and Muslundpore in the district of Midnapore.

The districts of Balasore and Cuttack (including the whole of the Cuttack Municipality), excepting those portions which lie to the west of the Grand Trunk Road.

Within the above limits the tract in and about Calcutta and Howrah, lying within a ring-fence as defined below, shall not be included, and the rules prescribed under sections 11 and 13, Act VII (B.C.) of 1864, shall not apply thereto, except in regard to such premises as are occupied by saltpetre refineries as specially defined by the Board of Revenue, and in regard to the premises occupied by the salt pass stations at the Sulkea siding platform of the East Indian Railway at Howrah, and at Chitpore at the terminus of the Eastern Bengal Railway. The boundary of the tract thus excluded shall run from Cossipore Ghât, on the left bank of the river Hooghly, following the Gun Foundry Road and the Barrackpore Trunk Road, up to the Barrackpore Bridge over the Circular Canal, thence along the right bank of that canal to its junction with the Narkuldangah Suspension Bridge; thence along the Narkuldangah Main Road up to its junction with the Circular Road. The line shall thence follow the Circular Road to its junction with the Bhowanipore Road, and from that point shall follow the latter road to Haliday Bridge over Tolly's Canal. From that point it shall follow the Calcutta bank of the said Tolly's Canal to its mouth at Hastings Bridge, and shall thence cross the river Hooghly in a straight course to the Ramkistopore Ghât on the Howrah bank, and proceeding westward by the Ramkistopore Ghât Road, shall run up to the junction of that road with the Grand Trunk Road. It shall then run along the Grand Trunk Road up to its junction with the Telkul Ghât Road; thence proceeding by that road eastward to the river bank, shall run along that bank up to the Howrah Ghât; thence proceed westward by the public road to the Grand Trunk Road *via* Chandmarry Road, New Street, and Tindell Street, and thence in a northerly direction through the station of Howrah to the junction of the Grand Trunk Road with Nuskerparah Road; thence along the north side of the latter road to its termination on the right bank of the river Hooghly; and it shall then pass in a straight course across that river to the Cossipore Ghât.

SECTION II.—RULES PRESCRIBED IN ACCORDANCE WITH SECTIONS 11 AND 13, ACT VII (B.C.) OF 1864, FOR REGULATING THE MANUFACTURE, DEPOSIT, TRANSPORT, AND SALE OF SALT, AND FOR SECURING THE PAYMENT OF DUTY THEREON.

Manufacture of Salt.

1. Every application for a license to manufacture salt under the provisions of section 7 of Act VII (B.C.) of 1864, shall be presented to the Collector of the district where

the manufacture is intended to be carried on, who shall forward it to the Board of Revenue through the Commissioner of the Division, with an expression of his opinion as to whether the application should be granted or not. In the former case, after ascertaining the boundaries within which the manufacture is to be carried on and the area of the land, the Collector should consult with the District Superintendent of Police, and report the strength and cost of the preventive guard which should be entertained; in the latter, full reasons for rejecting the application should be recorded. Where the license is recommended for sanction the stamp for the license should be realized and remitted, or a certificate given of the amount being credited in the treasury accounts.

2. The Board of Revenue shall have full power to approve or to reject any such application for the manufacture of salt, and the orders of the Board shall be final.

3. Immediately upon any application for license to manufacture salt being sanctioned, the applicant shall execute an agreement (Form I, appendix), and shall thereupon receive from the Board of Revenue a license (Form 2, appendix), the currency of which shall not extend beyond one year.

4. In addition to the preventive guard to be appointed, subject to the approval of the Board, with a view to prevent smuggling and to protect the revenue, the Collector shall appoint in every case, subject to the approval and control of the Commissioner, an excise

	Rs.	
1 Pass Officer at	40	establishment as marginally noted, for the purpose of supervising the weighing of the salt prior to removal to the warehouse. The Pass Officer shall be called upon to furnish such security as may be required by the Board of Revenue, and he shall nominate for the Collector's approval the Mohurir to be appointed under his own responsibility. The Board of

Revenue shall have full power at their discretion to modify or increase the cost and strength of the excise establishment when necessary.

5. The pay of the preventive guard and of the excise establishment shall be defrayed by the manufacturer, and shall be disbursed by the Collector, who will be held responsible that the necessary amount is paid to him, or to any one whom he may appoint to receive it, on or before the fifteenth day preceding the close of the month for which it is due. The payment of the sum fixed forms one of the conditions on which the license specified in Rule 3 is granted, and should be provided for in the agreement mentioned in the same rule, a clause being inserted to the effect that on default of such payment within the specified time, the license may be cancelled, and all salt manufactured under the license at the place of manufacture attached and confiscated. The salt so confiscated should be sold by auction at the highest price bid above the duty, and the sale-proceeds should be applied after paying the duty to defray the charges on account of the guard and excise establishment and the costs incurred, the balance being made over to the defaulter. If the proceeds should not suffice to pay the duty and charges, the balance may be realized by the sale of any other salt belonging to the defaulter.

In Orissa and the district of Midnapore, however, the cost of these establishments will be defrayed by Government, except in cases in which the outturn of the manufacture yields a revenue less than 20 times the cost of establishment, when the cost shall be defrayed by the manufacturer.

6. Before manufacture is allowed to commence, the land within which the actual manufacture is to be carried on must be carefully marked out by a shallow trench; all necessary arrangements must be made and concluded in regard to the appointment of the preventive guards and excise officers; and, as required by section 10, Act VII (B.C.) of 1864, a proper and secure warehouse must be provided by the manufacturer and be approved of by the Board of Revenue. The manufacturer should give six days' notice of the date on which he intends to commence manufacture, and the pay of the guard shall commence from that date. He should also notify the date of close of manufacture, and the appliances of manufacture should be either removed or destroyed, and until they are so removed or destroyed, the manufacturer will be required to pay for the guard. Suitable huts should be provided and kept in repair by the manufacturer for the use of the guard, failing which the Collector may build and repair such huts, and levy the cost by sale of the salt, or cancel the license as for a default in payment of wages.

7. The Collector should ascertain how much salt each chula, or furnace can produce in a working day, and the Pass Officer must insist on the chulia, or mate in charge of each furnace, sending that quantity to the chatee or depôt. The day's outturn should be brought to the depôt at a fixed hour, from one hour before sunset till sunset. The Pass Officer should receive the salt and measure it in standard baskets supplied by the Collector, and make a note of which furnaces it comes from, so as to secure the full complement from each furnace. If any furnace falls short of the ascertained quantity, the mate of that furnace should be called to account. The standard basket shall contain exactly one maund of 40 seers at 80 tollahs to the seer.

8. The Pass Officer shall send to the Collector daily a copy of his record showing how many baskets of salt have been received at the depôt. This record shall be kept in cheque-books similar to those used by Pass Officers for protection of salt on its way to the aurguns.

9. The manufacture of salt shall be closed on such date as the Board of Revenue may be pleased to prescribe in each case, the date being specified in the license of each manufacturer. All salt manufactured after that date shall be held to be salt manufactured without a

license, and the provisions of sections 5 and 6, Act VII (B.C.) of 1864, shall apply to such salt and to its manufacturer. The license also shall be liable to be cancelled.

10. Within one month from the date of the closing of his manufacture, every licensed manufacturer of salt shall notify to the Collector, for the information of the Board of Revenue, the quantity of salt manufactured by him during the season. Should the manufacturer, without sufficient cause, fail to give this information within the prescribed period, or should he wilfully furnish incorrect information, he shall be liable to a fine not exceeding Rs. 500; and in the latter case all salt in excess of the quantity notified by him shall be held to be contraband, and shall be liable to seizure and confiscation as such. The license also shall be liable to be cancelled.

Deposit of Salt.

11. The Board of Revenue may appoint the Collector of the district, or other officer specially selected for the purpose, to exercise a general control and supervision over all warehouses provided by manufacturers of salt under the requirements of section 10 of Act VII (B.C.) of 1864. For each warehouse the Collector shall appoint, subject to the approval and control of the Commissioner, an excise establishment as marginally noted, the cost of such establishment to be paid by the manufacturer. The Darogah shall be called on to furnish security of such amount as may be required by the Board of Revenue, and all the provisions of Rule 5, with regard to the payment of the salary of the establishments therein provided for, with regard to the duties and responsibilities of the Collector, and with regard to the realization of arrears of salary, shall be applicable in the case of establishments appointed under this rule. The Board of Revenue shall have full power at their discretion to modify the scale of establishment when there are two or more warehouses in the same or adjacent places. No warehouse shall be approved unless on measurement it be found capable of containing at least 10,000 maunds of salt.

12. All salt manufactured under excise license which may remain unstored at the salt works fifteen days after the date fixed in the license for the closing of the manufacture shall, unless the storage thereof shall have been unavoidably prevented, be destroyed by the officers appointed under Rule 4.

13. Every warehouse, when approved of by the Board of Revenue, shall be regularly licensed, and every manufacturer shall forthwith cause to be painted, or otherwise exhibited in a conspicuous part of the exterior of such warehouse, the number of the license, the year in which it was granted, and the words "*Licensed Warehouse*" in the vernacular language and character of the district. Before a warehouse is built the proposed site should be approved by the Collector of the district. Suitable huts should be provided and kept in repair by the manufacturer for the use of the warehouse establishment, failing which the Collector may build and repair such huts and levy the cost by sale of the salt or cancel the golah license as for a default in payment of wages. The Commissioner of the Division may, from time to time, cause any licensed warehouse to be inspected by the Collector of the district or other officer appointed under Rule 11, and should it appear that from want of repair or from any other cause such warehouse has become an unfit receptacle for the storage of salt, may require the manufacturer to repair or otherwise render it fit for that purpose, and, in the event of his failing so to do, may cancel the license of such warehouse. In the absence of special orders directing an inspection, District Collectors are required to visit each warehouse at least twice in the course of a year, or to depute an Assistant or Deputy Collector for the purpose. The results of such inspections should be reported to the Board through the Commissioner. In Orissa inspections may be made once a year. The Commissioner will report to the Board only when a golah is so much out of repair as to render cancellation of license necessary.

14. When a manufacturer desires to remove any salt from his salt works for the purpose of storing it, he shall cause it to be weighed and packed for transport in the presence of the officer who may have been appointed to this duty under Rule 4. When ready for despatch, such officer shall carefully impress the salt all over, when packed in bulk, with a wooden stamp (*adul*) supplied for the purpose; but when put up into bags, the mouth of every bag shall be closed with sealing-wax, and a seal, with a clear and distinct device, affixed thereto, in not less than two places, and the aforesaid officer shall also grant a pass to protect the salt during transit.

15. The pass (Form 3, appendix) shall specify the name of the manufacturer, the number of his license, the route by which the salt is to be transported, the weight of the salt, and the date of despatch. It shall also be numbered and signed by the officer granting

16. A separate pass shall be granted for every despatch of salt; but if it be despatched by means of coolies or bullocks, one pass shall be sufficient for every gang of coolies or drove of bullocks; and in such case, in addition to the particulars stated in Rule 15, the pass shall specify the number of coolies or bullocks employed in carrying the salt, as well as the number of baskets, bags, or packs used. A gang of coolies shall be taken to mean any number of coolies not exceeding fifty, and a drove of bullocks any number not exceeding

twenty-five. A responsible Churrundar shall accompany each despatch, who should sign all three foils of the Pass Officer's pass, thus:—

“Received the above salt in full.

(Sd.)

Dated

Churrundar.”

17. A copy of every pass granted under the foregoing rules shall be forwarded by the officer granting it to the Collector of the district or other controlling officer appointed under Rule 11.

18. The arrival at any licensed warehouse of salt despatched from the salt works shall at once be reported to the officer in charge of the warehouse, who shall without delay, examine its condition, the state of the stamps or seals, as the case may be, and the pass covering the salt. The pass shall then be forwarded in original, duly effaced, and with an endorsement mentioning whether permission to store the salt has been granted or not, to the Collector of the district or other controlling officer appointed under Rule 11, and a copy shall be retained for record by the officer in charge of the warehouse.

19. On the police informing the officer in charge of a warehouse that they suspect that a despatch of salt has been tampered with *en route* from the salt works, the officer in charge of the warehouse shall put aside all bags reported as suspicious by the police until orders are passed in the case.

20. If the officer in charge of the warehouse be satisfied that the rules laid down above have been in no way infringed, he shall thereupon permit the manufacturer to store the salt in the warehouse.

21. If, however, on examination it be found that the despatch of salt has been tampered with, or that the quantity of salt is likely to be more than one per cent. less than the quantity specified in the pass, the officer in charge of the warehouse shall be empowered to seize and weigh the entire despatch of salt. If the deficiency in weight exceeds the above limit, the officer in charge of the warehouse shall record the explanation of the manufacturer, or his duly accredited servant in charge thereof, and shall report the case to the Collector of the district, or other controlling officer appointed under Rule 11, who shall transmit the papers, with his opinion on the case, for the orders of the Board of Revenue, who may direct confiscation of the entire despatch as contraband. The Board may also, if they see fit, at once cancel the manufacturer's license. The manufacturer shall further be liable for the amount of duty that would be leviable on the deficiency in excess of one per cent.

22. On obtaining the permission of the officer in charge of the warehouse, the salt shall be stored therein by the servants, and at the expense of the manufacturer, in the presence of such officer. If the correctness of the pass protecting the salt is admitted by the officer in charge of the warehouse, he shall enter the weight of the salt as therein stated in the daily store account which he is required to keep.

23. Every licensed warehouse shall be secured by two padlocks supplied by the manufacturer on approval by the officer in charge thereof, the key of one lock being retained by the person owning the salt, or by some person on his behalf, and the key of the second lock by the officer in charge of the warehouse.

24. When a warehouse shall have been stored with salt and before any sales can be permitted, the manufacturer, owner or mortgagee of the salt shall enter into a bond (Form 4, appendix) for payment of the amount of duty, as well as other charges leviable thereon; and he shall further bind himself to discharge, without objection, any duty that may be adjudged against him by the Commissioner of the Division on account of any excess or penalty duty in consequence of any deficiency (beyond the usual allowance of 2½ per cent. as wastage) of salt found in his warehouse at the time of clearance.

25. No bond shall be taken for a period exceeding three years; but on expiry of that period, with the sanction of the Board of Revenue, a renewed bond may be executed for a further term of two years. Applications for the renewal of bonds about to expire shall be presented to the Board of Revenue at least two months previous to their expiry.

26. No salt shall on any account be removed from a licensed warehouse before the permission of the Commissioner of the Division has been accorded to commence sales, and any act in violation thereof shall subject the manufacturer, owner or mortgagee of the same to a penalty of Rs. 500, and the salt thus removed shall be seized and confiscated: provided that nothing in this rule shall be held to prevent Government proceeding, if it see fit, under section 16 of the Act.

27. The salt of the manufacture of each year and that under each license shall if possible be separately stored, and every act in violation of this rule shall subject the whole of the salt within the warehouse to seizure and confiscation.

Transport and Sale of Salt.

28. In addition to the special rowannah prescribed by section 19 of Act VII (B.C.) of 1864, rowannahs shall be of two kinds—

1st.—The wholesale rowannah required to protect all salt removed immediately from warehouses or ships.

2nd.—The retail rowannah required for the protection of salt, being a portion of an

original despatch covered by a wholesale or special rowannah, but separated therefrom for purposes of sale or otherwise.

29. Retail rowannahs shall further be sub-divided into two kinds :—

1st.—The atrafee rowannah required to protect salt which it may be intended to convey beyond the limits of the police-station within which it may at the time be stored.

2nd.—The charchittee required to protect salt which it may be intended to retain for sale within the limits of the police-station within which it may at the time be stored.

3rd.—In addition to the above two kinds of retail rowannahs, a third kind of retail rowannah, to be called sub-charchittee, shall be current in the districts of the Orissa Division and Backergunge. This sub-charchittee, like the retail rowannah No. 2, shall protect salt which it may be intended to retain for sale within the limits of the police-station within which it may at the time be stored.

30. Wholesale rowannahs shall be granted only by the Board of Revenue, or such District Collectors as may be authorized to issue the same, on application being presented on stamped paper of the value prescribed for petitions to the Board, and on the payment of certain fees specified in the schedule hereto annexed. The rowannah (Forms 5 and 6, appendix) shall specify—

1st.—The quantity of salt to be transported under its protection ;

2nd.—The description of salt ;

3rd.—The place whence the salt is deliverable ;

4th.—The mode of conveyance ;

5th.—The destination of the salt ; and

6th.—The route by which the salt shall be conveyed.

All special and wholesale rowannahs taken out for the removal of salt, either from boardship, or from bonded golahs under Government, or from private golahs in the excepted limits of Calcutta, shall have a currency of not more than six months. Such rowannahs as are taken out for the protection of salt destined for places not within the limits notified under section 12 of the Act, and which have to be surrendered before passing out of the said limits at the last police-station within those limits, shall on no occasion be current for more than fifteen days if the pass station at which the rowannah has to be delivered up is Bally ; or for more than one month in any other case.

The holder of a wholesale rowannah the currency of which is about to expire, may apply to the Board of Revenue, or to the District Collector by whom the rowannah was issued, on stamped paper of the value of one rupee, for a renewed rowannah, which shall be granted on sufficient cause being shown, and on the salt being identified satisfactorily. Collectors should submit weekly to the Commissioner a list of the renewed rowannahs ; and should keep a register of all rowannahs they issue.

The holder of a rowannah for the transport of salt from the bonded golahs or from shipboard into the protected limits *via* the Chitpore pass station will be at liberty to choose any of the three following routes :—

(1)—By the river Hooghly by boat.

(2)—By the Port Commissioners' tramway *via* Armenian Ghât.

(3)—By the Port Commissioners' tramway *via* Rathtollah Ghât.

The route chosen must be declared when the rowannah is taken out, and the Customs officer on board the ship from which the salt is delivered will make out the boat-notes according to the route chosen. If the holder of the rowannah wishes to alter the route, he can do so by applying to the Board as provided in Rule 31.

31. If any person who shall have become possessed of a wholesale rowannah shall desire to make any alteration in the terms specified therein, permissible under these rules, he may, by application to the Board of Revenue, or to the District Collector, if authorized to grant the original rowannah, on stamped paper of the value prescribed for petitions to the said Board, and on payment of the fees specified in the schedules hereto annexed, obtain an exchange rowannah (Form 7, appendix), which shall, for all the purposes of the Act and of these rules, be considered to be a wholesale rowannah.

32. Blank forms of retail rowannahs of all kinds shall be obtainable from the Collector of the district, or from the Deputy Collector in charge of the sub-division within which the salt is stored at the time of application, provided such officer shall have been empowered by the Collector to grant such rowannahs.

At places situated at a long distance from the Collectorate or the sub-divisional office, the Collector is further empowered to entrust the distribution of the forms, duly signed and sealed, to the police in charge of the division within the limits of which the salt is stored at the time for sale.

A retail rowannah shall specify—

1st.—The quantity and description of salt covered by it ;

2nd.—The time for which it is current ;

3rd.—The number and date of the rowannah from which the salt was obtained

4th.—The destination of the salt ;

5th.—The route by which the salt shall be carried;

6th.—The mode of conveyance; and

7th.—The name of the consignee or purchaser.

The salt covered by the atrafee rowannah (Form 8, appendix) and charchittee (Form 9, appendix) shall in no case exceed one hundred maunds.

The salt covered by the sub-charchittee (Form 10, appendix) in the Orissa Division and Backergunge shall in no case exceed five maunds.

The currency of the atrafee rowannah and the charchittee shall in no case exceed six months.

The currency of the sub-charchittee in the Orissa Division and Backergunge shall in no case exceed one month.

33. A fee of four annas shall be levied on every retail rowannah No. 1.*

34. Wholesale rowannah-holders are hereby empowered to issue to furriahs, or retail vendors, retail rowannahs of all descriptions specified in Rule 29; and holders of retail rowannahs No. 1 are similarly empowered to issue retail rowannahs No. 2 to furriahs or retail vendors; and in the districts of the Orissa division and Backergunge, holders of retail rowannahs No. 2 are likewise similarly empowered to issue retail rowannahs No. 3 to other furriahs or retail vendors.

Any rowannahdar selling more than five seers of salt to any person shall be bound to furnish the purchaser with such protective documents as may be required.

35. Special rowannahs granted under section 19 of Act VII (B.C.) of 1864 shall, as nearly as possible, resemble wholesale rowannahs, and the rules regarding wholesale rowannahs shall also apply to them. Salt conveyed into the limits notified under section 12 of the Act from ships or warehouses in Calcutta and Howrah will require to be protected by a special rowannah (Form 6, *vide* clause 30).

In addition to those mentioned in Rule 30, the following particulars shall be entered in all special rowannahs (Form 11, appendix) for the removal of salt from private golahs in Calcutta:—

1st.—The names of the manjees in whose boats the salt has been loaded;

2nd.—The license numbers of such boats; and

3rd.—The date or dates on which salt was loaded into the boats.

36(a) Every application for a "certificate" (Form 12, appendix) for landing salt from shipboard, or for removing it from the bonded golahs into the excepted limits of Calcutta and Howrah, must in future be made to the Collector of Customs instead of to the Board of Revenue, and any person attempting to land salt within such limits without having taken out such certificate will be liable to the penalties provided under the Sea Customs Act, VIII of 1878.

(b) In granting a rowannah for salt which is to be conveyed out of the excepted limits of Calcutta into protected limits, the Board will require the applicant for the rowannah to give the full particulars of the certificate under which it was landed in Calcutta.

(c) If the holder of a rowannah issued by the Board of Revenue for salt to be taken from shipboard out of the excepted limits, desires to land the whole or any portion of such salt within the excepted limits, he must apply for the Board's orders to cancel the original rowannah. On his application being granted, he will, on payment of the usual fees, be furnished with a letter of advice to the Collector of Customs for the issue of a "certificate" in respect of the whole or such portion of the salt as he desires to land within the excepted limits of Calcutta, and, if necessary, with an "exchange rowannah" in respect of the balance to be taken beyond the excepted limits.

37. Within twenty-four hours after the completion of deliveries of salt from boardship upon rowannahs, the holders thereof must present them at the Board's office for the purpose of having the endorsements made on them by the preventive officers examined. Challans will then be granted with regard to such rowannahs as would require them according to section 39 of the rules. This rule will not prevent salt merchants removing their salt-laden boats from the ship's side to safe and convenient places in the river under the boat-notes previously granted by the preventive officers. Any person failing to comply with the provisions of this rule shall be liable to a fine not exceeding Rs. 100.

38. Every wholesale and every retail rowannah shall always be kept with the salt to which it refers, and on demand by any police officer above the rank of constable shall be forthwith produced for examination. When, however, under the provisions of the rule next following, a despatch of salt covered by a wholesale or retail rowannah is laden on more than one boat or cart or drove of bullocks, or gang of coolies, it will be sufficient if the wholesale or retail rowannah covering the entire despatch of salt be produced within twenty-four hours. If the rowannah be not forthcoming, the salt shall be seized and proceedings taken under section 16 of the Act. If the rowannah be produced after the seizure of the salt, the matter shall be reported for the orders of the Board.

39. If it be necessary in any way to divide any lot of salt covered by a wholesale or retail rowannah, the owner of the salt, or any person acting in his behalf, shall apply for, and shall be furnished with challans, (Form 13, appendix), the numbers and particulars of which, showing the quantity of salt protected by each challan separately, shall be endorsed on the rowannah. Such challans shall be given up when the salt of the despatch has to

* Atrafee rowannah.

48. The Board of Revenue shall, from time to time, prescribe forms for the agreements applications, bonds, licenses, rowannahs, and other documents required under the above rules.

Schedule of Fees to be paid by persons taking out Wholesale, Renewed, Special, or Exchange Rowannahs.

SECTION VI.—PROTECTIVE DOCUMENTS.

1. Wholesale rowannahs for the protection of salt cleared in the districts of Chittagong, Balasore, and Cuttack are supplied for the convenience of local traders to the Collectors of the above districts.

SECTION VIII.—RULES RELATING TO THE RECEPTION AND CLEARANCE OF SALT SUBSIDIARY TO THOSE CONTAINED IN ACT VIII OF 1878.

Rules for Weighment and Admission of salt into Warehouses, public or private, under the Customs Law.

1. On receipt of an application under section 91, Act VIII of 1878, for the admission of salt into a public or private warehouse, and after the due execution of a bond under the provisions of section 92, Act VIII of 1878, the Collector of Customs shall make such arrangements as he may deem necessary for the proper weighment of salt during its discharge from the vessel, for the purpose of being conveyed to the appointed licensed warehouse.

2. The weighment shall be conducted in the presence of the preventive officer on board, and the expense thereof shall be charged to the bondholder at a rate of Rs. 3 per 1,000 maunds.

3. No salt for which the full duty has not been previously paid shall be taken from any vessel, save in a lighter provided with hatches, which are capable of being securely fastened down; and it shall be the duty of the preventive officer on board to satisfy himself that such lighter is in serviceable condition before permitting such salt to be placed therein.

4. As soon as the bonder or his agent or servant shall notify to the preventive officer that he desires to proceed with any boat-load of salt, he shall obtain a boat-note, in which the name of the importing vessel and of the bonder, the quantity of salt contained therein, and the warehouse wherein it is to be deposited shall be specified. The salt shall thereupon be carefully impressed with a stamp specially provided for this purpose, and the hatches shall be closed and sealed by, or in the presence of, the preventive officer. The lighter shall then be allowed to proceed in charge of a native officer or peon deputed for the purpose by the Custom-house authorities, accompanied by an agent on the part of the bonder.

Procedure on despatch.

5. The boat shall be anchored, if possible, at the steps of the ghât leading to the warehouse in which the salt is to be stored, otherwise at the moorings nearest to such ghât. It shall on no account be permitted by the native Custom-house officer or peon on board to anchor at the outward moorings.

Place of anchorage.

6. Notice of the arrival of such salt shall at once be given by the Custom-house officer to the Government Superintendent in the case of salt to be bonded in a public warehouse, or, if the salt is to be bonded in a private licensed warehouse, to the Inspector or Superintendent of licensed Warehouses, who shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector of Customs, and depute a proper officer to examine and compare the boat-note delivered by the preventive officer to the bonder, his servant, or agent, and the cargo of salt, and to superintend its removal to, and storage in, the appointed warehouse.

Procedure on arrival.

7. The bonder's agent and native Custom-house officer or peon shall remain on board of the boat in charge, until the seals and hatches are examined and all the cargo landed and stored.

Duty of peon and bonder's agent.

8. The Bonder will be held responsible for any departure from these rules on the part of his agent, and the Superintendent or Inspector of the warehouse shall take notice of any dereliction of duty on the part of the native Custom-house officer or peon.

Responsibilities of bonder and Superintendent.

9. All expenses connected with the removal and storage of the salt shall be borne by the bonder, who shall also pay to the Collector such fees as he may fix for the services of the officer or peon in charge of the salt from the time of its discharge from the vessel's side to the completion of its storage in the warehouse.

Bonder to defray all charges.

10. If the officer appointed by the Superintendent or Inspector of the Government or private licensed warehouse shall have reason to believe that the salt has in any way been tampered with during its transit by river, he shall at once report the circumstance to the Superintendent or Inspector, who, with the permission of the Collector, shall direct the salt to be re-weighed, and such re-weighment shall be made at the expense of Government.

Procedure when salt has been tampered with.

11. If there be found any unexplained deficiency in the salt on board the cargo-boat as compared with the quantity specified in the boat-note, the whole of the salt contained in such boat shall be confiscated, and the bond under which the salt is in course of being stored shall be cancelled.

Penalty when salt is deficient.

12. Salt relating to different bonds shall be stored separately and distinctly. Any admixture of salt specified in different bonds shall render those bonds liable to cancellation, and the holders to immediate payment of the full duty payable thereon.

Salt under different bonds to be stored separately.

13. On salt bonded in a warehouse under the exclusive control of a Government warehouse-keeper, the duty shall be calculated on the quantity actually delivered from such warehouse.

Calculation of duty on delivery from public warehouse.

14. On salt bonded in a private licensed warehouse, the duty shall be calculated on the quantity delivered on weighment from the side of the ship in which it was imported, less an allowance on account of wastage, which shall not in ordinary cases exceed 2½ per cent. on the quantity bonded.

Calculation of duty on delivery from private warehouse.

15. In any special case the Board of Revenue, as chief customs authority of the presidency, is competent to direct that an increased allowance for wastage shall be granted in accordance with the provision of section 122, Act VIII of 1878.

Increased allowance for wastage may be allowed.

16. If the Collector of Customs has any reason to believe that any fraud has been perpetrated by the bonder or owner of the salt, or any person in his employ, he shall refuse to make any allowance on account of wastage, and shall demand the full duty payable on the entire quantity received into bond.

But not if any suspicion of fraud.

17. The Rs. 3 per 1,000 maunds paid for the weighment of salt on shipboard under Rule 2 shall be credited to a fund to be instituted by the Collector of Customs. The Collector shall from time to time make such subsidiary arrangements as he may deem most conducive to the interests of both Government and the public for carrying on all such weighments, the costs of which will be defrayed from the fund in question.

Charges for weighment to be credited to a fund.

18. In the case of public warehouses, the Board of Revenue shall fix from time to time the amount of rent to be paid by the bonder per 1,000 maunds of salt. Ordinarily no golah should be made available unless the quantity of salt to be bonded is equal to two-thirds of the storage which the golah is capable of containing; but when accommodation in golahs of suitable dimensions is not available, the rent to be demanded should be calculated on the quantity of salt, which would amount to two-thirds of the storage capacity of the building, whatever the actual quantity of salt bonded may really be.

SECTION IX.—RULES FOR THE CLEARANCE OF SALT FROM BONDED WAREHOUSES,
PUBLIC OR PRIVATE.

1. All deliveries of salt bonded in a public or private warehouse under the provisions of Act VIII of 1878 shall be supervised, as required by section 99 of the above Act, by a Customs officer and a native officer styled a Ghât Mohurir. These officers will be deputed on application to the officer in charge of the Custom-house.
Procedure on delivery from bond.
2. The expenses incident to their employment shall be borne by the bonder, at the rate of Rs. 5 for a Customs officer and 8 annas for a native officer per diem. These officers will be paid daily. If required so to do, the bonder, or applicant for their services, shall pay into the hands of the officer in charge of the Custom-house a sum sufficient to meet the expense of employing such officers.
Charges to be paid by bonder.
3. The present working hours at the Sulkea Government golahs will continue to be observed with regard to all deliveries whether from public or private warehouses, viz. from 6 A.M. to 2 P.M.
Working hours.
4. Scales and weights will be provided by Government, but bonders are required to make their own arrangements for cutting and removing their salt from the warehouses, as well as to supply their own tools for cutting the salt, such as *sabools*, *kodalies*, &c.
Bonders to provide their own labour and tools.
5. There will be one Customs officer at each scale; and his duty will be to keep in a book, provided for the purpose at the expense of Government, a correct tally of the bags as they are weighed and taken off the scale by the bonder's people, as well as to see that each bag contains neither more nor less than the prescribed quantity of salt, viz. *two maunds*. He will be held personally liable for any excess or deficiency that may be discovered at the *check scales* presided over by the golah officers.
Duty of Customs officer.
6. The Superintendent will be held responsible for making such arrangements as will ensure the efficient working of the check scales. At least 10 per cent. of the bags issued from the golahs should pass through these scales.
Responsibility of Superintendent.
7. Should any dispute arise between the Customs officer and the bonder or purchaser of the salt under delivery, the former will stop the weighing, and at once refer the matter in dispute to the Superintendent for orders.
When disputes arise.
8. The Customs officer will be particularly careful to bring every irregularity that he may become cognizant of to the notice of the Superintendent without delay, and will be held responsible for failure in doing so.
When irregularities occur.
9. There will be one Ghât Mohurir for each scale. He will be posted at the proper discretion of the Superintendent either at the ghât, when salt is being passed into boats, or on the roadway when it is being removed in carts. In either case, he will not be allowed to hold any communication whatever with the Customs officer posted within a golah, except through the Superintendent, until after the day's work is over, when his tally will be compared with that kept by the Customs officer, and, if found to agree, signed by the Superintendent.
Check to be exercised by Ghât Mohurir.
10. The Ghât Mohurir's duty will be to keep a similar tally to that of the Customs officer, but in *Bengali*. He will also keep a tally by means of counters supplied by the department. One such counter will be made over to him by each cooly as he passes him with a bag, and will represent *one bag or two maunds of salt*. After the rowannah quantity has been delivered, these counters will be compared with his written tally, as well as with that of the Customs officer, for the purpose stated in Rule 8.
Duty of Ghât Mohurir.
11. When discrepancies in the accounts cannot be reconciled, and whenever the Superintendent has reason to believe that the quantity of salt conveyed to the boat or cart is not correctly represented in the accounts, he shall hold a re-weighment. The expense of such re-weighment shall be borne by Government.
Check to be exercised by Superintendent.
12. Whenever the bonder or purchaser is desirous of removing his boats or carts from the premises, the Superintendent will satisfy himself on every point before granting the usual protective documents. He will, before granting a pass, at all times satisfy himself even where the accounts agree that the boat-load or cart-load represents the exact quantity entered in the rowannah.
Duty of Superintendent before salt is removed.

the following rule (No. 10), to the office of the Collector of Customs within 48 hours from the time of delivery of the salt, must be presented within that time for renewal by the Collector.

10. Within 48 hours after the landing within excepted limits of salt removed upon a certificate from board ship or from the bonded golahs, the certificate must be returned to the office of the Collector of Customs with an endorsement by the holder showing the time and place of landing and the place of storage.

11. Any failure to present a certificate at the Collector's office, as directed in Rules 8, 9, and 10 within the time specified in each rule, will be punishable with a fine of Rs. 500 under section 167, clause 1 of the Sea Customs Act.

SECTION XI.—RULES FOR THE ADMISSION OF GANJAM SALT INTO ORISSA.

1. Salt may be sold at the Ganjam golahs in any quantities, wholesale or retail, for consumption in Orissa, or for transport through Orissa to any other place.

2. All salt thus sold shall be covered by a protective pass, which shall be granted by the Collector of Ganjam without the payment of any fee; such salt shall require no other protective document. The pass shall be written in English and in Ooriya. It shall be dated, and shall state the quantity of salt which it covers, the place for which the salt is destined, and the number of days allowed for transit.

3. If the place of destination be within Orissa, the Collector of Ganjam shall send a copy of the pass granted by him on the day of issue to the Collector of the district in which the place of destination is situated.

4. The pass so given shall be sufficient to protect the salt specified therein from the place of sale to the place of destination, provided that the latter is reached during the period of the currency of the pass; and during this period no Bengal rule or law shall affect this salt or the carriers thereof.

5. If, owing to accident or circumstances beyond the control of the trader, the salt should not be able to reach its destination within the period fixed, then the pass-holder shall, at least one day prior to the expiry of the pass, report the circumstance to the nearest police-station, the officer in charge of which shall, unless good reason for suspecting fraud exist, endorse the pass, extending its period by one more than the number of days necessary to enable the salt to reach its place of destination. If the officer in charge apprehends fraud, he shall detain the salt, and refer the case, including a full statement by the pass-holder, to the Collector for orders. If, after a pass has been once extended, a second application for extension should be made, the case shall be referred for the orders of the Collector. No salt thus detained shall be confiscated under any Bengal rule except on distinct proof of fraud; but where the pass-holder has wilfully overstayed the period of grace granted, the Collector may, if he deems it necessary, impose a moderate penalty, not exceeding 10 per cent., on the value of the salt thus delayed in transit.

6. If a pass-holder shall desire to make any alterations in the terms specified in his pass, he may apply to the Collector of the district in which the salt may then be, and such Collector may in his discretion issue an exchange pass, which, for the purposes of the salt Act and of these rules, shall be of the same force as the original pass issued by the Collector of Ganjam. Every application to a Collector for an exchange pass shall be written upon a paper bearing a stamp of the value which the law prescribes for applications to a Collector.

7. The holder of a pass may sell portions of the salt covered by such pass in transit between the Ganjam frontier and the place of destination; but any salt so sold will become amenable to all rules which have been, or which may be, passed by the Lieutenant-Governor of Bengal under section 11, Act VII (B.C.) of 1864, subject to the provisions of the following rules.

8. Every person purchasing more than five seers of salt from a pass-holder shall give immediate notice of his purchase to the officer in charge of the nearest police-station, who shall thereupon issue an *atrafee rowannah* or a *charchittee* under the ordinary rules for the protection of the salt, with a currency of not more than one month. Every police officer granting such a document shall send a copy of the same to the Collector of the district on the same day. All *atrafee rowannahs* and *charchittees* so granted by police officers shall be subject to all the rules current in Bengal in respect of such documents.

9. Salt having arrived at the place of destination, and the currency of the Madras pass, or of any extension thereof, having expired, the salt becomes amenable to all rules passed by the Lieutenant-Governor of Bengal under section 11, Act VII (B.C.) of 1864, and the holder of the salt shall be required, within twenty-four hours, to apply in writing to the Collector, or to such officer as may be authorised by the Collector to receive such applications, for the necessary document for the protection of the salt under the Bengal rules.

SECTION XII.—RULES FOR THE CLEARANCE OF DUTY-FREE TARRIED SALT FROM THE SULKEAH GOLAHs SANCTIONED BY GOVERNMENT ORDER NO. 1998, DATED 21ST JULY 1877.

1. When it is intended to render salt in bond unfit for human consumption by admixture with tar, not less than twenty-four hours' notice of such intention must be given to the Superintendent of the Sulkea Salt Golahs.

2. The operation of mixing the tar and salt, in the proportion of one seer of the former to one maund of the latter, shall be supervised by a special officer, who will be deputed by the Superintendent of the Golahs at the expense, not exceeding Rs. 5 per diem, of the applicant for his services.

3. The Superintendent of Golahs will be responsible that not less than the prescribed quantity of tar is used.

4. Before granting the usual protective documents for the removal of the tarred salt from the golahs, the Superintendent will satisfy himself by a personal inspection that the process of mixing the tar with the salt has been thoroughly performed.

5. Before granting final delivery, the Superintendent will also require the owner of the tarred salt to furnish a written guarantee that it is intended solely for use in the manufacture of glazed stoneware, and that every possible precaution shall be taken to prevent the article from being stolen or restored to a condition fit for human consumption.

6. Any proved case of duty-free tarred salt having been restored, or attempted to be restored, to a condition fit for human consumption will disqualify the owner of the manufactory whence the impure article was obtained to be a custodian or consumer of such salt in future, and render the remainder of his stock of duty-free tarred salt liable to confiscation.

7. The owner of a manufactory, where duty-free tarred salt is allowed to be stored and consumed, shall keep a book showing the daily expenditure of such salt, for what purpose expended, and the stock remaining in store at the close of each day; and the book and stock shall be accessible at any time between sunrise and sunset to such officer as may be appointed for the purpose.

8. All duty-free tarred salt shall be stored in bags containing two maunds each.

SECTION XIII.—MISCELLANEOUS RULES.

1. Whenever an application is made by any one to the Board of Revenue in the Salt Department to transact business on behalf of another person in connection with salt rowannahs, the applicant may be required to produce a written and stamped authority from his employer; and if he cannot produce it, the Board may refuse to transact such business with him.

2. A despatch of salt cannot be deemed to be salt "specified in a rowannah" within the meaning of Act VII (B.C.) of 1864, when the actual quantity found in the despatch is less than the quantity entered in the rowannah accompanying the despatch. If any person, therefore, shall possess or transport within the law-limits, under a rowannah, a quantity of salt less than that specified in such rowannah, the entire quantity shall, if such deficiency be found on weighment to exceed five per cent. on the quantity so specified, be held to be contraband, and as such shall be seized and confiscated. Any person possessing or transporting such salt shall be liable to the penalty prescribed in section 16 of the Act.

N.B.—Particular attention is drawn to the provisions of the salt law, Act VII (B.C.) of 1864, and the rules prescribed under it. Section 21 of the Act prescribes that the sale, loss, or disposal, within chowkey limits of any portion of this salt must be immediately certified on the back of this rowannah, under a penalty, for omission, of a fine of Rs. 5 per maund.

Section 22 of the Act and section 41 of the rules are as follows:—If all the salt specified in a rowannah be disposed of within the salt law limits, such rowannah shall be delivered up to the officer in charge of the police-station within which the last parcel of the salt shall have been disposed of within seven days of the date of such final sale. If any part of the salt specified in such rowannah be carried beyond the said limits, such rowannah shall in that case be delivered up to the officer in charge of the last police-station which such salt may have to pass before being carried beyond the said limits. If any person in charge of salt shall fail to comply with the provisions of section 22 of the Act, the owner of such salt shall be liable to a fine not exceeding Rs. 500.

Rule 46 requires that on the arrival of the salt for storage in a warehouse or shop within salt law limits, the fact must be notified to the Collector of the district within 24 hours, under a penalty, for failure, not exceeding Rs. 10.

Rule 47 requires that every salt trader within salt law limits must on the 1st of every month submit to the Sub-divisional Officer, or to the nearest Abkari Darogah, or police-station or outpost, a signed statement of salt sold under each wholesale or atriari rowannah in the previous month and the salt remaining in store under each document on the last day of such month. Each offence against this rule is punishable with a fine of Rs. 20. Forms in which such statements are to be submitted can be obtained from the Collector of the district.

N.B.—Particular attention is drawn to the provisions of the salt law, Act VII (B.C.) of 1864, and the rules prescribed under it. Section 21 of the Act prescribes that the sale, loss, or disposal within chowkey limits of any portion of this salt must be immediately certified on the back of this rowannah, under a penalty, for omission, of a fine of Rs. 5 per maund.

Section 22 of the Act and section 41 of the rules are as follows :—If all the salt specified in a rowannah be disposed of within the salt law limits, such rowannah shall be delivered up to the officer in charge of the police-station within which the last parcel of the salt shall have been disposed of within seven days of the date of such final sale. If any part of the salt specified in such rowannah be carried beyond the said limits, such rowannah shall in that case be delivered up to the officer in charge of the last police-station which such salt may have to pass before being carried beyond the said limits. If any person holding a rowannah shall fail to comply with these provisions, such person shall be liable to a fine not exceeding Rs. 500.

Rule 46 requires that on the arrival of the salt for storage in a warehouse or shop within salt law limits, the fact must be notified to the Collector of the district within 24 hours, under a penalty, for failure, not exceeding Rs. 10.

Rule 47 requires that every salt trader within salt law limits must on the 1st of every month submit to the Sub-divisional Officer, or to the nearest Abkari Darogah, or police-station or outpost, a signed statement of salt sold under each wholesale or at retail rowannah in the previous month and the salt remaining in store under each such document on the last day of such month. Each offence against this rule is punishable with a fine of Rs. 20. Forms in which such statements are to be submitted can be obtained from the Collector of the district.

Rule 36C requires that if a rowannah taken out to protect salt in transit out of the excepted limits be not so used, the holder thereof must first apply to the Board to have the rowannah cancelled, and then obtain from the Collector of Customs, on receipt of a letter of advice from the Board, a certificate to enable him to land the salt in the excepted limits.

Rule 37 requires that rowannahs should be presented at the Board's office for endorsement within 24 hours after the delivery of the salt covered by them from ship-board, under a penalty, for omission, of a fine not exceeding Rs. 100.

and that no one does detain it.

N.B.—Particular attention is drawn to the provisions of the salt law, Act VII (B.C.) of 1864, and the rules prescribed under it. Section 21 of the Act prescribes that the sale, loss, or disposal within chowkey limits of any portion of this salt must be immediately certified on the back of this Rowannah under a penalty for omission of a fine of Rs. 5 per maund.

Section 22 of the Act and Section 41 of the Rules are as follows:—If all the salt specified in a Rowannah be disposed of within the salt law limits, such Rowannah shall be delivered up to the Officer in charge of the Police Station within which the last parcel of the salt shall have been disposed of, *within seven days of the date of such final sale.* If any part of the salt specified in such Rowannah be carried beyond the said limits, such Rowannah shall in that case be delivered up to the Officer in charge of the last Police Station which such salt may have to pass before being carried beyond the said limits. If any person holding a Rowannah shall fail to comply with these provisions, such person shall be liable to a fine not exceeding Rs. 500.

Rule 46 requires that on the arrival of the salt for storage in a warehouse or shop within Salt Law limits, the fact must be notified to the Collector of the district within 24 hours, under a penalty for failure not exceeding Rs. 10.

Rule 47 requires that every salt trader within Salt Law limits must, on the 1st of every month, submit to the Sub-divisional Officer, or to the nearest Abkaree Darogah or Police Station or outpost, a signed statement of salt sold under each Wholesale or Attrafee Rowannah in the previous month, and the salt remaining in store under each such document on the last day of such month. Each offence against this rule is punishable with a fine of Rs. 20. Forms in which such statements are to be submitted can be obtained from the Collector of the district.

N.B.—Particular attention is drawn to the provisions of the salt law, Act VII (B.C.) of 1864, and the rules prescribed under it. Section 21 of the Act prescribes that the sale, loss, or disposal within chowkey limits of any portion of this salt must be immediately certified on the back of this rowannah, under a penalty for omission of a fine of Rs. 5 per maund.

Section 22 of the Act and section 41 of the rules are as follows:—If all the salt specified in a rowannah be disposed of within the salt law limits, such rowannah shall be delivered up to the officer in charge of the police-station within which the last parcel of the salt shall have been disposed of. If any part of the salt specified in such rowannah be carried beyond the said limits, such rowannah shall in that case be delivered up to the officer in charge of the last police-station which such salt may have to pass before being carried beyond the said limits. If any person in charge of salt shall fail to comply with the provisions of section 22 of the Act, the owner of such salt shall be liable to a fine not exceeding Rs. 500.

Rule 46 requires that on the arrival of the salt for storage in a warehouse or shop within salt law limits, the fact must be notified to the Collector of the district within 24 hours, under a penalty for failure not exceeding Rs. 10.

Rule 47 requires that every salt trader within salt law limits must, on the first of every month, submit to the Sub-divisional Officer, or to the nearest abkaree Darogah, or police-station, or outpost, a signed statement of salt sold under each wholesale or *atrafee* rowannah in the previous month, and the salt remaining in store under each such document on the last day of such month. Each offence against this rule is punishable with a fine of Rs. 20. Forms in which such statements are to be submitted can be obtained from the Collector of the district.

Rule 36C requires that if a rowannah taken out to protect salt in transit out of the excepted limits be not so used, the holder thereof must first apply to the Board to have the rowannah cancelled; and then obtain from the Collector of Customs, on receipt of a letter of advice from the Board, a certificate to enable him to land the salt in the excepted limits.

CHINA SEA—CARIMATA STRAIT.

Position of Gwalia Reef.

With reference to the existence of a shoal reported in lat. 1° 12½' S., long. 108° 43½' E., on which the British ship *Gwalia* was totally wrecked on 15th February 1880 :—

The British Hydrographic Office has notified that the following further particulars have been received from Lieutenant and Commander W. H. J. Nowell, H.M.S. *Foxhound*, resulting from an examination of the locality made in May 1880 :—

This danger (*Gwalia Reef*) is of coral formation, nearly circular in shape, and about half a mile in diameter; the general depths over it are from 3 to 4 fathoms, but there are two

patches, breaking at low water, on which the least depth found was 4 feet; the reef lies with the following bearings, viz.—

Carimata Peak	S. 34° E.
Panambungan North Peak	S. 81° E.

Position as given, lat. 1° 3' S. long. 108° 33' E.

During the *Foxhound's* stay the current set W.S.W. from one to two knots per hour; the rise of tide was observed to be about 7 feet, one high and one low water occurring in the 24 hours.

[The bearings are Magnetic. Variation $1\frac{1}{4}^{\circ}$ Easterly in 1880.]

NOTICE TO MARINERS.—(No. 17.)

INDIAN OCEAN—MOZAMBIQUE CHANNEL.—MADAGASCAR—WEST COAST.

Shoal South-West of Barren Islands.

The following account has been recently published by the Spanish Government—on the authority of D. Francisco Vines, Captain of the Corvette *Rosa del Juria*—of the existence of a detached shoal lying south-west of Barren islands, west coast of Madagascar, nearly 50 miles distant from that group:—

This danger (*Bajo del Vines*) was sighted from the *Rosa del Juria* at 10 A.M. on 22nd December 1871, bearing to the west-south-west, distant about $1\frac{1}{2}$ miles—the vessel being then in 41 fathoms over sand and shells. On nearing it to the distance of about half a mile, the depth of $3\frac{3}{4}$ fathoms over coarse sand was obtained. Captain Vines then landed on the bank, and describes it as being composed of sand, almost circular, about 14 yards in diameter and to dry about 2 feet at low water, with $1\frac{3}{4}$ fathoms at the distance of half a cable around.

Position as given, lat. $18^{\circ} 51' 30''$ S., long. $43^{\circ} 1' 25''$ E.

NOTICE TO MARINERS.—(No. 16.)

RED SEA—HANISH ISLANDS.

Position of Parkin Rock.

The British Hydrographic Office has notified that the following information has been received from Commander J. E. Pringle, H. M. S. *Vulture*, relative to the position of Parkin rock, lying about $3\frac{1}{2}$ miles eastward of Rugged island, one of the Suyúl Hânish group:—

The rock, which appeared to be about 8 feet above water (in August), lies with the following bearings, viz:—

South-east point of Quoin islet ... N. $3^{\circ} 40'$ E.

South point of Rugged island ... S. $83^{\circ} 40'$ W., distant $4\frac{1}{2}$ miles.

These bearings place Parkin rock S. S. W. one mile from the position formerly assigned to it.

[Third Publication.]

NOTIFICATION.

The 23rd October 1880.—The following rules, passed by the Lieutenant-Governor under section 75(b) of the Indian Forest Act VII of 1878, are hereby published for general information:—

Rules for the grant of Rewards to Government Officers and others in cases under the Indian Forest Act.

All non-gazetted Government officers and persons not in the employ of Government are eligible for rewards under these rules.

2. Any Magistrate convicting an offender of any forest offence, or directing the confiscation of any property under section 56 of the Act, may grant, in such proportion as he thinks fit, to any person or persons who have contributed to the seizure of the property or the conviction of the offender, a reward not exceeding the value of the property confiscated, plus the amount of any fine imposed.

3. The forest officer prosecuting the case may, if no reward is granted by the Magistrate, apply to the Magistrate for orders regarding the distribution of fines and the value of forfeitures. In the event of the Magistrate's refusal, reference may be made by the Conservator of Forests to the local Government.

4. Rewards granted under these rules shall be disbursed at once, if they are less than Rs. 100. If they are over Rs. 100, that sum only will be disbursed at once, and the rest after the period of appeal has expired, or the appeal has been rejected. In the event of the conviction being reversed on appeal, the amount paid in rewards shall not be recovered from the persons to whom it has been paid, unless it shall appear that they have acted fraudulently.

5. In cases where, under section 67 of the Indian Forest Act, a forest officer has accepted a sum of money as compensation for any damage which has been committed, the Conservator of Forests may authorize the payment of a portion of the amount realized as a reward to any person who may have contributed to the discovery of the offender.

(c) Every person in charge of a lunatic asylum, hospital, work-house, prison, reformatory, or lock-up, or of any public, charitable, religious, or educational institution;

(d) Every keeper or manager of any serai, hotel, boarding-house, lodging-house, or club; and

(e) Every occupant of immovable property having, at the time of taking the census, not less than fifty persons employed under him, on or in such property,

to perform such of the duties of a census officer in relation to the persons who at the time of taking the census are under his command or charge, or inmates of his house, or present on or in such property, as the said Special Census Officer may, by an order written, printed, or lithographed, direct.

3. Under section 10, it is hereby ordered that the enumeration by the occupiers of dwelling-houses, or of any specified parts thereof, shall be confined to Europeans and Eurasians, and that the schedules in English, which will be supplied to them by the census officers, shall be filled up in accordance with the instructions printed on the back of such schedules.

4. Under the power vested in him by section 12, the Lieutenant-Governor hereby declares that prosecutions under the Indian Census Act, 1880, or for neglecting or refusing to do anything required by the said Act to be done, may be instituted before Magistrates of the first or second class, provided that no such prosecution shall be instituted except with the previous sanction of the District Magistrate or, in the case of the Suburbs, with the previous sanction of the Special Census Officer for Calcutta and the Suburbs. It is further declared that, in the town of Calcutta, all such prosecutions as are described above shall be instituted before a Presidency Magistrate, with the previous sanction of the Special Census Officer for Calcutta and the Suburbs in each case.

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 22nd November 1880.—In the exercise of the powers conferred on him by section 18, Part III of the Jute Warehouse and Fire-Brigade Act, V (B.C.) of 1879, the Lieutenant-Governor sanctions the following bye-laws:—

Bye-laws under Section 18, Act V (B.C.) of 1879.

FIRE-BRIGADE.

1. The Commissioner of Police, Calcutta, shall, subject to the control of the local Government, appoint or remove any member or officer of the Fire-Brigade.

Appointment of members of brigade.

2. The following police officers shall be *ex-officio* members of the Fire-Brigade:—

(a)—The Superintendent of the Reserve Force, who shall be designated also Superintendent of the Fire-Brigade.

(b)—All town sergeants and constables of the Reserve Force.

3. A special allowance of Rs. 5 shall be payable to each sergeant or European constable present at a fire.

4. On the 1st November in each year the Commissioner of Police shall prepare, in such form as may be directed by the Lieutenant-Governor, an estimate of the cost of the Fire-Brigade for the ensuing year, and shall forward the same for the approval and sanction of the Lieutenant-Governor.

5. The estimate shall show the number, constitution, and salaries of the members of the Fire-Brigade, and shall also provide for the purchase of such fire-engines, fire-escapes, horses, oxen, accoutrements, tools and implements, for the supply of uniform to members of the brigade, and for such other expenditure as may be necessary for the equipment and efficiency of the brigade.

6. The estimate shall also make needful provision for building, providing or hiring places for the keeping of the force, engines, horses, and appurtenances. When such estimate has been approved and sanctioned by the Lieutenant-Governor, it shall be competent to the Commissioner of Police to meet all expenditure within the limits of the said estimate.

7. The stations of the Fire-Brigade shall be as follows :—

1. Police Office, Lall Bazar.
2. Tallah Municipal Pumping Station, Cossipore, Suburbs.
3. Palmer's Bridge. Pumping Station (Baliaghatta).
4. Bhowanipore police-station.
5. Watgunge police-station.

Steam-engines shall be kept at Lall Bazar, and hand-engines at the suburban stations. The Commissioner of Police shall be at liberty to make such alterations in the location of the said stations and engines as may at any time seem to him expedient.

8. The Commissioner of Police may at his discretion, order the payment of a gratuity of any sum not exceeding Rs. 100 to any person who shall give early notice of the outbreak of a serious fire.

9. The Superintendent of the Fire-Brigade and the Chief Engineer shall from time to time inspect all members of the Fire-Brigade, and shall satisfy themselves that the engines, hose, and other appurtenances are in good order, and that the members of the brigade are thoroughly conversant with the manner of using them.

10. All members of the brigade shall reside at such places as may be appointed: they shall not absent themselves without permission from superior authority. They shall wear such uniform as may be prescribed. They shall obey all orders from superior officers. They shall not be at liberty to withdraw from their duties without written permission from the Commissioner of Police, or without giving to the Commissioner of Police two months' notice of their intention to withdraw.

11. The Commissioner of Police may fine any member of the brigade who is remiss or negligent in the discharge of his duties, or who infringes any of these bye-laws, in any sum not exceeding one week's pay.

12. All members of the Fire-Brigade will be eligible to pension or gratuity under the rules which apply to the members of the Calcutta Police force. Provided that no *ex-officio* member of the brigade, who is also a member of the Police force, shall be entitled to pension or gratuity for service in connection with the brigade.

When part of an officer's service has been paid from the Fire-Brigade Fund and part from a department service in which qualifies for pension under the Civil Pension Code, the pension will be paid according to the rule of proportion, in accordance with the provisions contained in section 40, rule 1 of the Pension Code.

Due provision will be made in the budget estimates of the Fund for pensions and gratuities.

13. On the alarm of fire at the Central Fire Station, every member of the brigade, except those whose business it is to harness the horses and prepare the engines, will muster in the yard in single file.

14. The chief officer of the brigade will then determine what engines, hose, and other implements shall be used, having regard to the locality, distance, and appearance of the fire, and will tell off the requisite number of men and make arrangements for their speedy conveyance to the spot.

15. He may also, when necessary, communicate with the Engineer in charge of the Municipal Pumping Stations in order to obtain pressure of water; and in case of a fire occurring near the river bank, he will call on the officer in charge of the Port Commissioners' Fire-Engine to render such assistance as may be possible.

16. On arriving at the scene of the fire, it will be the duty of the chief officer of the brigade to ascertain the extent of the fire; to see that the engines are placed in proper positions; and that every member of the brigade present has his own duty assigned to him. No member of the brigade shall withdraw from a fire without permission from the senior officer. The senior officer may call upon the local police to assist the brigade, and the local police shall obey all orders so issued.

17. On receiving notice of a fire at an out-station, the officer in charge of such station shall at once proceed to the spot with his engine and brigade, and shall take such measures for extinguishing the fire as may be practicable. Pending the arrival of the Superintendent of the Fire-Brigade, the senior police officer present shall direct the operations of the brigade.

18. The Commissioner of Police may at his discretion direct the attendance of the brigade, or any portion of it, with the necessary engines, hoses, &c., at any fire occurring beyond the limits of the town and suburbs, and within a radius of six miles from the Calcutta Police Office. It shall be competent to the said Commissioner to require any private individual, who requires the services of the brigade at any spot beyond such limits, and within the above radius, to pay such fees for the attendance of the brigade as will provide for the payment of special allowances due to members of the brigade, and for general wear and tear of engines, hoses, horses, &c., and for such other charges as he may deem proper.

19. The Deputy Commissioner of Police shall be competent to perform any of the duties assigned to the Commissioner of Police under these bye-laws.

GOVERNMENT OF INDIA—MARINE BRANCH—MILITARY DEPARTMENT.

NOTICE TO MARINERS.—(No. 17.)

INDIAN OCEAN—MOZAMBIQUE CHANNEL.—MADAGASCAR—WEST COAST.

Shoal South-West of Barren Islands.

The following account has been recently published by the Spanish Government—on the authority of D. Francisco Vines, Captain of the Corvette *Rosa del Juria*—of the existence of a detached shoal lying south-west of Barren islands, west coast of Madagascar, nearly 50 miles distant from that group:—

This danger (*Bajo del Vines*) was sighted from the *Rosa del Juria* at 10 A.M. on 22nd December 1871, bearing to the west-south-west, distant about $1\frac{1}{2}$ miles—the vessel being then in 41 fathoms over sand and shells. On nearing it to the distance of about half a mile, the depth of $3\frac{3}{4}$ fathoms over coarse sand was obtained. Captain Vines then landed on the bank, and describes it as being composed of sand, almost circular, about 14 yards in diameter and to dry about 2 feet at low water, with $1\frac{3}{4}$ fathoms at the distance of half a cable around.

Position as given, lat. $18^{\circ} 51' 30''$ S., long. $43^{\circ} 1' 25''$ E.

NOTICE TO MARINERS.—(No. 16.)

RED SEA—HANISH ISLANDS.

Position of Parkin Rock.

The British Hydrographic Office has notified that the following information has been received from Commander J. E. Pringle, H. M. S. *Vulture*, relative to the position of Parkin rock, lying about $3\frac{1}{2}$ miles eastward of Rugged island, one of the Suyúl Hânish group:—

The rock, which appeared to be about 8 feet above water (in August), lies with the following bearings, viz:—

South-east point of Quoin islet ... N. $3^{\circ} 40'$ E.

South point of Rugged island ... S. $83^{\circ} 40'$ W., distant $4\frac{1}{4}$ miles.

These bearings place Parkin rock S. S. W. one mile from the position formerly assigned to it.

[The bearings are Magnetic. Variation $4\frac{1}{2}^{\circ}$ Westerly in 1880.]

GOVERNMENT OF INDIA—MARINE BRANCH—MILITARY DEPARTMENT.

NOTICE TO MARINERS.—(No. 19.)

RED SEA—GULF OF SUEZ.

Suez Bay—Lights at Port Ibrahim.

With reference to Notice to Mariners, No. 9, issued from this Department on 7th August 1880, the Controller-General of Egyptian Light-houses at Alexandria points out that the information therein contained—which was reprinted from the Notice to Mariners No. 111, issued by the British Hydrographic Office on 5th July 1880—is inexact in some particulars.

The following revised information is therefore published :—

1. Two floating light-buoys painted black are placed 897 yards seaward of the entrance of the harbour, from which lights may be exhibited on application at the Port Office—*red* on the northern side of the channel; *green* on the southern side.
2. A fixed *red* light is shown from the extremity of the north mole head; a fixed *green* light, from the extremity of the south mole head.
3. A fixed *white* light is shown from the extreme (western) end of the inner pier of the harbour.

NOTE.—The foregoing green and red lights mark the channel into the port.

Entering Port Ibrahim—the *red* lights are left on the port hand, the *green* lights on the starboard hand, the vessel being steered for the white light on the inner pier.

Buoyage.

Also, that a buoy has been placed on each side of the channel to Port Ibrahim, 568 yards from the mole heads—the northern buoy in a line with the red lights, the southern buoy in a line with the green lights.

NOTIFICATION.

The 25th November 1880.—The following Notifications, Nos. 10 and 11 of 1880-81, of the Chief Commissioner of the Andaman and Nicobar Islands and Superintendent of Port Blair and Nicobars, are published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

No. 10 of 1880-81.—It having been brought to the notice of the Chief Commissioner of the Andaman and Nicobar Islands that trading vessels are in the habit of visiting the Nicobar Islands without authority, such being contrary to the provisions of sections 15 and 16 of the Andaman and Nicobar Regulation, 1876, notice is hereby given to the Masters and owners of all vessels employed in the Nicobar trade that, on and after the 1st January 1881, the provisions of this Regulation will be rigidly enforced.

The Master of any vessel wishing to trade with any of the said islands must call at Port Blair or the Port of Camorta, which are the only declared ports in the Andaman and Nicobar Islands, and must obtain from the Conservator of either port a written permission to visit any of the said islands.

After the above date the Master of any vessel found at any of the Nicobar Islands without such written authority, will be prosecuted as the law directs.

Notice is also given that the importation into the said islands, of Arms, Ammunition or Military Stores, and also of Spirituous Liquors of any description, is strictly prohibited, and that Permits will not be granted to vessels having on board any of the said articles.

Sections 15 and 16, Andaman and Nicobar Regulation, 1876, are republished for general information :—

“PART IV.—OF THE ARRIVAL AND DEPARTURE OF VESSELS, AND THE LANDING OF PASSENGERS AND GOODS.”

“15. The Master of any vessel shall not land or anchor such vessel for the purpose of landing any person or any goods or things, at any place on the coast of any of the said islands, except at such place as may be declared a port under the provisions of the Act for the time being in force for the regulation of ports and port-dues.”

Penalty for Master anchoring his vessel for the purpose of landing of passengers or goods at unauthorized port

“Any Master so offending shall be liable to a fine not exceeding one thousand rupees.”

“16. No person shall land from any vessel at any place on the coast of any of the said islands, not within the limits of some port declared under the provisions of such Act.”

Penalty for landing at unauthorized port.

“Any person so offending shall be liable to a fine not exceeding five hundred rupees, and any goods or thing landed from any vessel except within such limits, may be seized by any person in the employment of Government, and may be confiscated if the Chief Commissioner, or any officer empowered by him in this behalf, so directs.”

No. 11 of 1880-81.—The Officer for the time being in charge of the Nicobars is invested with the powers defined in section 20 of the Andaman and Nicobar Regulation as regards the confiscation of property landed without a formal license.

T. CADELL, *Lieut.-Colonel,*
Offg. Chief Commr. of the Andaman & Nicobar
Islands, and Supdt. of Port Blair and Nicobars.

NOTICE TO MARINERS.—(No. 17.)

INDIAN OCEAN—MOZAMBIQUE CHANNEL—MADAGASCAR—WEST COAST.

Shoal South-West of Barren Islands.

The following account has been recently published by the Spanish Government—on the authority of D. Francisco Vines, Captain of the Corvette *Rosa del Juria*—of the existence of a detached shoal lying south-west of Barren islands, west coast of Madagascar, nearly 50 miles distant from that group:—

This danger (*Bajo del Vines*) was sighted from the *Rosa del Juria* at 10 A.M. on 22nd December 1871, bearing to the west-south-west, distant about $1\frac{1}{2}$ miles—the vessel being then in 41 fathoms over sand and shells. On nearing it to the distance of about half a mile, the depth of $3\frac{3}{4}$ fathoms over coarse sand was obtained. Captain Vines then landed on the bank, and describes it as being composed of sand, almost circular, about 14 yards in diameter and to dry about 2 feet at low water, with $1\frac{3}{4}$ fathoms at the distance of half a cable around.

Position as given, lat. $18^{\circ} 51' 30''$ S., long. $43^{\circ} 1' 25''$ E.

NOTIFICATION.

The 3rd December 1880.—“The Lieutenant-Governor is pleased to publish the following order in Council for general information, in continuation of the order in Council dated the 24th March 1880.”

A. MACKENZIE,

Secy. to the Govt. of Bengal.

At the Court at Balmoral, the 6th day of September 1880.

Present:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by an Order in Council made in pursuance of the Merchant Shipping Act Amendment Act, 1862, and dated the ninth day of January, one thousand eight hundred and sixty-three, Her Majesty was pleased to direct:—First, that the Regulations contained in the Schedule to the said Act should be modified by the substitution for such Regulations of certain Regulations appended to the said Order:

Secondly, that the said Regulations appended to the said Order should, on and after the first day of June, one thousand eight hundred and sixty-three, apply to French ships, whether within British jurisdiction or not:

And, whereas, by several orders in Council subsequently made, Her Majesty was pleased to direct that the Regulations appended to the said order of the ninth of January, one thousand eight hundred and sixty-three, should apply to ships of the countries specified in the said orders, whether within British jurisdiction or not:

And, whereas, by order in Council dated the thirtieth day of July, one thousand eight hundred and sixty-eight, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to make certain additions to the regulations appended to the said first-recited order in Council, for the purpose of explaining Articles 11 and 13 of the said Regulations, and of removing doubt and misapprehension concerning the effect of the said two Articles :

And, whereas, by order in Council dated the fourteenth day of August, one thousand eight hundred and seventy-nine, Her Majesty has been pleased to direct that on and after the first day of September, one thousand eight hundred and eighty, the said Regulations and the additions thereto shall be annulled, and that there should be substituted therefor the new Regulations contained in the first Schedule thereto, and that the same shall from and after the said first day of September, one thousand eight hundred and eighty, apply to ships of the countries mentioned in the second Schedule thereto, whether within British jurisdiction or not :

And, whereas, it has been made to appear to Her Majesty that the following Governments : that is to say,—

The Government of	Khelat ;
„	„ Muscat ;
„	„ Zanzibar ;
„	„ Cochin ;
„	„ Travancore ;
„	„ Kutch ; and
„	„ Kattyawar,

are willing that from and after the said first day of September, one thousand eight hundred and eighty, the said new Regulations, a copy whereof is hereunto appended, contained in the first Schedule of the said recited order in Council of the fourteenth day of August, one thousand eight hundred and seventy-nine, shall, with the exception of Article 10 thereof, apply to ships belonging to their respective countries when beyond the limits of British jurisdiction :

Now, therefore, Her Majesty, by virtue of the power vested in Her by the said recited Act, and by and with the advice and consent of Her Privy Council, is pleased to direct :

That from and after the first day of September, one thousand eight hundred and eighty, the said new Regulations for preventing collisions at sea, a copy whereof is hereunto appended, contained in the first Schedule of the said recited order in Council of the fourteenth day of August, one thousand eight hundred and seventy-nine, shall, with the exception of Article 10 thereof, apply to ships belonging to the following countries ; that is to say,—

Khelat ;	Cochin ;
Muscat ;	Travancore ;
Zanzibar ;	Kutch ; and
Kattyawar,	

whether within British jurisdiction or not.

C. L. Peel.

REGULATIONS FOR PREVENTING COLLISIONS AT SEA REFERRED TO IN THE FOREGOING ORDERS.

Preliminary.

ARTICLE 1. In the following rules every steam-ship which is under sail and not under steam is to be considered a sailing ship ; and every steam-ship which is under steam, whether under sail or not, is to be considered a ship under steam.

Rules concerning Lights.

ARTICLE 2. The lights mentioned in the following Articles, numbered 3, 4, 5, 6, 7, 8, 9, 10, and 11, and no others, shall be carried in all weathers, from sunset to sunrise.

ARTICLE 3. A sea-going steam-ship, when under way, shall carry—

- (a) On or in front of the foremast at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet then at a height above the hull of not less than such breadth, a bright white light so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass ; so fixed as to throw the light 10 points on each side of ship, viz. from right ahead to 2 points abaft the beam on either side ; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.
- (b) On the starboard side, a green light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass ; so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side ; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(c) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(d) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ARTICLE 4. A steam-ship, when towing another ship, shall, in addition to her side lights, carry two bright white lights in a vertical line one over the other, not less than three feet apart, so as to distinguish her from other steam-ships. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light which other steam-ships are required to carry.

ARTICLE 5. A ship, whether a steam-ship or a sailing ship, when employed either in laying or in picking up a telegraph cable, or which from any accident is not under command, shall at night carry, in the same position as the white light which steam-ships are required to carry, and, if a steam-ship, in place of that light three red lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line one over the other, not less than three feet apart: and shall by day carry in a vertical line one over the other, not less than three feet apart, in front of but not lower than her foremast head, three black balls or shapes, each two feet in diameter.

These shapes and lights are to be taken by approaching ships as signals that the ship using them is not under command, and cannot therefore get out of the way.

The above ships, when not making any way through the water, shall not carry the side lights, but when making way shall carry them.

ARTICLE 6. A sailing ship under way, or being towed, shall carry the same lights as are provided by Article 3 for a steam-ship under way, with the exception of the white light, which she shall never carry.

ARTICLE 7. Whenever, as in the case of small vessels during bad weather, the green and red side lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

ARTICLE 8. A ship, whether a steam-ship or a sailing ship, when at anchor, shall carry, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light, in a globular lantern of not less than 8 inches in diameter, and so constructed as to show a clear uniform and unbroken light visible all round the horizon, at a distance of at least one mile.

ARTICLE 9. A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

ARTICLE 10. (a) *Open fishing boats, and other open boats, when under way, shall not be obliged to carry the side lights required for other vessels; but every such boat shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side; and on the approach of or to other vessels, such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side, nor the red light on the starboard side.*

(b) *A fishing vessel, and an open boat, when at anchor, shall exhibit a bright white light.*

(c) *A fishing vessel, when employed in drift net fishing, shall carry on one of her masts two red lights in a vertical line one over the other, not less than three feet apart.*

(d) *A trawler at work shall carry on one of her masts two lights in a vertical line one over the other, not less than three feet apart, the upper light red, and the lower green, and shall also either carry the side lights required for other vessels, or, if the side lights cannot be carried, have ready at hand the coloured lights as provided in Article 7, or a lantern with a red and a green glass as described in paragraph (a) of this Article.*

(e) *Fishing vessels, and open boats, shall not be prevented from using a flare-up in addition, if they desire to do so.*

(f) *The lights mentioned in this Article are substituted for those mentioned in the 12th, 13th, and 14th Articles of the Convention between France and England scheduled to the British Sea Fisheries Act, 1868.*

(g) *All lights required by this Article, except side lights, shall be in globular lanterns so constructed as to show all round the horizon.*

ARTICLE 10. This Article does not apply to fishing boats, open boats, or trawlers belonging to the several countries mentioned in the foregoing Order, viz., Kelat, Muscat, Zanzibar, Travancore, Kutch and Kattyawar.

ARTICLE 11. A ship which is being overtaken by another shall show from her stern to such last-mentioned ship a white light or a flare-up light.

Sound Signals for Fog, &c.

ARTICLE 12. A steam-ship shall be provided with a steam whistle or other efficient steam sound signal, so placed that the sound may not be intercepted by any obstructions, and with an efficient fog horn to be sounded by a bellows or other mechanical means, and also with an efficient bell. A sailing ship shall be provided with a similar fog horn and bell.

In fog, mist, or falling snow, whether by day or night, the signals described in this Article shall be used as follows; that is to say—

- (a) A steam-ship under way shall make with her steam whistle, or other steam sound signal, at intervals of not more than two minutes, a prolonged blast.
- (b) A sailing ship under way shall make with her fog horn, at intervals of not more than two minutes, when on the starboard tack, one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.
- (c) A steam-ship and a sailing ship, when not under way, shall at intervals of not more than two minutes ring the bell.

Speed of Ships to be moderate in Fog, &c.

ARTICLE 13. Every ship, whether a sailing ship or steam-ship, shall in a fog, mist, or falling snow, go at a moderate speed.

Steering and Sailing Rules.

ARTICLE 14. When two sailing ships are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, viz.:—

- (a) A ship which is running free shall keep out of the way of a ship which is close-hauled.
- (b) A ship which is close-hauled on the port tack shall keep out of the way of a ship which is close-hauled on the starboard tack.
- (c) When both are running free with the wind on different sides, the ship which has the wind on the port side shall keep out of the way of the other.
- (d) When both are running free with the wind on the same side, the ship which is to windward shall keep out of the way of the ship which is to leeward.
- (e) A ship which has the wind aft shall keep out of the way of the other ship.

ARTICLE 15. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on, to the other: in other words, to cases in which, by day, each ship sees the masts of the other in a line, or nearly in a line, with her own; and by night to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

ARTICLE 16. If two ships under steam are crossing, so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

ARTICLE 17. If two ships, one of which is a sailing ship and the other a steam-ship, are proceeding in such directions as to involve risk of collision, the steam-ship shall keep out of the way of the sailing ship.

ARTICLE 18. Every steam-ship when approaching another ship, so as to involve risk of collision, shall slacken her speed or stop and reverse, if necessary.

ARTICLE 19. In taking any course authorized or required by these Regulations, a steam-ship under way may indicate that course to any other ship which she has in sight by the following signals on her steam whistle, viz.:—

One short blast to mean "I am directing my course to starboard;"

Two short blasts to mean "I am directing my course to port;"

Three short blasts to mean "I am going full speed astern."

The use of these signals is optional; but if they are used, the course of the ship must be in accordance with the signal made.

ARTICLE 20. Notwithstanding anything contained in any preceding Article, every ship, whether a sailing ship or a steam-ship, overtaking any other, shall keep out of the way of the overtaken ship.

ARTICLE 21. In narrow channels every steam-ship shall, when it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such ship.

ARTICLE 22. Where by the above rules one of two ships is to keep out of the way, the other shall keep her course.

ARTICLE 23. In obeying and construing these rules due regard shall be had to all dangers of navigation; and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

No Ship under any circumstances to neglect proper Precautions.

ARTICLE 24. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Reservation of Rules for Harbours and Inland Navigation.

ARTICLE 25. Nothing in these rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbour, river, or inland navigation.

Special Lights for Squadrons and Convoys.

ARTICLE 26. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war or for ships sailing under convoy.

GOVERNMENT OF INDIA—MARINE BRANCH—MILITARY DEPARTMENT.

NOTICE TO MARINERS.—(No. 19.)

RED SEA—GULF OF SUEZ.

Suez Bay—Lights at Port Ibrahim.

With reference to Notice to Mariners, No. 9, issued from this Department on 7th August 1880, the Controller-General of Egyptian Light-houses at Alexandria points out that the information therein contained—which was reprinted from the Notice to Mariners No. 111, issued by the British Hydrographic Office on 5th July 1880—is inexact in some particulars.

The following revised information is therefore published:—

1. Two floating light-buoys painted black are placed 897 yards seaward of the entrance of the harbour, from which lights may be exhibited on application at the Port Office—*red* on the northern side of the channel; *green* on the southern side.
2. A fixed *red* light is shown from the extremity of the north mole head; a fixed *green* light, from the extremity of the south mole head.
3. A fixed *white* light is shown from the extreme (western) end of the inner pier of the harbour.

NOTE.—The foregoing green and red lights mark the channel into the port.

Entering Port Ibrahim—the *red* lights are left on the port hand, the *green* lights on the starboard hand, the vessel being steered for the white light on the inner pier.

Buoyage.

Also, that a buoy has been placed on each side of the channel to Port Ibrahim, 568 yards from the mole heads—the northern buoy in a line with the red lights, the southern buoy in a line with the green lights.

NOTIFICATION.

The 25th November 1880.—The following Notifications, Nos. 10 and 11 of 1880-81, of the Chief Commissioner of the Andaman and Nicobar Islands and Superintendent of Port Blair and Nicobars, are published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

No. 10 of 1880-81—It having been brought to the notice of the Chief Commissioner of the Andaman and Nicobar Islands that trading vessels are in the habit of visiting the Nicobar Islands without authority, such being contrary to the provisions of sections 15 and 16 of the Andaman and Nicobar Regulation, 1876, notice is hereby given to the Masters and owners of all vessels employed in the Nicobar trade that, on and after the 1st January 1881, the provisions of this Regulation will be rigidly enforced.

The Master of any vessel wishing to trade with any of the said islands must call at Port Blair or the Port of Camorta, which are the only declared ports in the Andaman and Nicobar Islands, and must obtain from the Conservator of either port a written permission to visit any of the said islands.

After the above date the Master of any vessel found at any of the Nicobar Islands without such written authority, will be prosecuted as the law directs.

Notice is also given that the importation into the said islands, of Arms, Ammunition or Military Stores, and also of Spirituous Liquors of any description, is strictly prohibited, and that Permits will not be granted to vessels having on board any of the said articles.

Sections 15 and 16, Andaman and Nicobar Regulation, 1876, are republished for general information :—

“PART IV.—OF THE ARRIVAL AND DEPARTURE OF VESSELS, AND THE LANDING OF PASSENGERS AND GOODS.”

“15. The Master of any vessel shall not land or anchor such vessel for the purpose of landing any person or any goods or things, at any place on the coast of any of the said islands, except at such place as may be declared a port under the provisions of the Act for the time being in force for the regulation of ports and port-dues.”

Penalty for Master anchoring his vessel for the purpose of landing passengers or goods at unauthorized port

“Any Master so offending shall be liable to a fine not exceeding one thousand rupees.”

“16. No person shall land from any vessel at any place on the coast of any of the said islands, not within the limits of some port declared under the provisions of such Act.”

Penalty for landing at unauthorized port.

“Any person so offending shall be liable to a fine not exceeding five hundred rupees, and any goods or thing landed from any vessel except within such limits, may be seized by any person in the employment of Government, and may be confiscated if the Chief Commissioner, or any officer empowered by him in this behalf, so directs.”

No. 11 of 1880-81.—The Officer for the time being in charge of the Nicobars is invested with the powers defined in section 20 of the Andaman and Nicobar Regulation as regards the confiscation of property landed without a formal license.

T. CADELL, *Lieut. Colonel,*

Offg. Chief Commr. of the Andaman & Nicobar Islands, and Supdt. of Port Blair and Nicobars.

NOTIFICATION OF THE BOARD OF REVENUE.

No. 1356B.

NOTICE is hereby given that the First Sale of Opium, the provision of 1878-79, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Monday, the 3rd January 1881, at 11 A.M., and will comprise 4,700 chests, viz.—

					Chests.
Behar	Opium	2,350
Benares	"	2,350
Total					4,700

Of the 2,350 chests of Benares Opium, 500 are of a consistence of 75°. The usual consistence of Benares opium is 70°. These 500 chests are numbered 18447 to 18946, and are marked with a red × on each end.

2. The general conditions of the sale now advertized will be the same as usual. They may be ascertained by reference to the Notification issued on the 2nd December 1879, and published in the *Government and Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 8th and 18th January 1881, respectively,—that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 1-30 P.M. of Saturday, the 8th January 1881, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Tuesday, the 18th January 1881.

4. The following table shows the quantity of opium that will be brought to sale in the next twelve months. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

The following are the conditions of sale:—

1.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 13 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin,

DEPOSIT.
When the amount bid is less than
Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but
less than Rs. 1,600 per chest, Rs. 300
per chest.
On bids of Rs. 1,600 and upwards, but
less than Rs. 2,000 per chest, Rs. 400
per chest.
And so on, Rs. 100 being added to the
deposit for every bid additional, to the
extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M. or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said promissory notes shall be absolutely payable in any event and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such note or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 p.m. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 p.m.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the 5th condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium after making full payment as above prescribed shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this Office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that, in providing the investment of the opium manufactured at the Patna factory and the opium manufactured at the Ghazepore factory for the year 1879-80, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore factories, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—The attention of the public is particularly drawn to the fact that of the aforesaid 15,204 chests of the opium manufactured at the Ghazepore factory, of the season 1878-79, 1,729 chests consist of opium specially manufactured at a consistence of 75°, and also to the fact that the ordinary opium manufactured at the Ghazepore factory of that season is of unusually high consistence. The numbers and the distinctive marks of the 1,729 chests of 75° consistence will be duly mentioned in the notifications of the sales in which they will be brought forward.

19.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

20.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of opium manufactured at the Patna and Ghazee-pore factories declared as above for sale at the twelve sales of the year 1881, there shall be delivered to them, at the average of the particular sale or sales to which the opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of opium required by them at any particular sale within thirty days from the advertisement of such intended sale: provided, however, that the Agent of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for opium within the time above mentioned, the entire quantity of about 56,400 chests of opium manufac-

tured at the Patna and Ghazee-pore factories, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which opium shall have been sold at every such periodical sale, it being understood that if the quantity of opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

NOTIFICATION.

The 11th December 1880.—The following rules, passed by the Lieutenant-Governor of Bengal, under Section 75 (d) of the Indian Forest Act VII of 1878, are hereby published for general information. These rules apply to the districts of Darjeeling and Jalpigoree, and will hold good during the season in which fires may be expected to occur,—from the 1st November in one year to the 1st June in the next:—

1. Any person living in the vicinity of a Government forest reserve, or occupying or using land in such vicinity, and desirous of clearing by fire any standing forest or grass land near that reserve, in a locality from which such fire would be likely to endanger the reserve, shall observe the following rules:—

1.—He shall give notice of at least one week to the nearest forest officer, ranger, or forester, of his intention.

2.—He shall clear a belt of land at least 20 feet broad on the side of the land he proposes to burn nearest to the forest reserve.

3.—He shall choose for such burning a day or time when a high wind is not blowing.

4.—He shall light the fire in a direction contrary to the prevailing wind.

2. Any such person desirous of burning, on land adjoining a forest reserve, wood, grass, or weeds, or other cut material, shall collect that material into heaps, and burn it separately in such a way that the fire may not endanger the forest reserve.

3. Any person collecting inflammable forest produce, such as grass and bamboos, on land adjoining a forest reserve, and any holder of a permit to collect such materials from the forest reserve, shall stack the material so collected in an open space, as far removed as possible from the forest.

4. All persons travelling on roads passing through or along the boundary of a forest reserve shall camp only at such places as may be cleared and set apart for the purpose of camping-grounds by the forest officer, who shall yearly publish a list of such grounds in the vicinity of the reserve. Camping at other localities than those so set apart is forbidden; and all persons so camping shall light any fires they may make for cooking or other purposes in such a way as not to endanger the forest reserve, or the buildings or property on the camping-ground; and they shall extinguish all such fires before leaving the camping-ground.

5. The carriage of burning wood, fire-brands, or torches, through or along the boundary of any reserved forest, is prohibited.

NOTIFICATION.

The 3rd December 1880.—"The Lieutenant-Governor is pleased to publish the following order in Council for general information, in continuation of the order in Council dated the 24th March 1880."

A. MACKENZIE,
Secy. to the Govt. of Bengal.

At the Court at Balmoral, the 6th day of September 1880.

Present :

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by an Order in Council made in pursuance of the Merchant Shipping Act Amendment Act, 1862, and dated the ninth day of January, one thousand eight hundred and sixty-three, Her Majesty was pleased to direct :—First, that the Regulations contained in the Schedule to the said Act should be modified by the substitution for such Regulations of certain Regulations appended to the said Order :

Secondly, that the said Regulations appended to the said Order should, on and after the first day of June, one thousand eight hundred and sixty-three, apply to French ships, whether within British jurisdiction or not :

And, whereas, by several orders in Council subsequently made, Her Majesty was pleased to direct that the Regulations appended to the said order of the ninth of January, one thousand eight hundred and sixty-three, should apply to ships of the countries specified in the said orders, whether within British jurisdiction or not :

And, whereas, by order in Council dated the thirtieth day of July, one thousand eight hundred and sixty-eight, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to make certain additions to the regulations appended to the said first-recited order in Council, for the purpose of explaining Articles 11 and 13 of the said Regulations, and of removing doubt and misapprehension concerning the effect of the said two Articles :

And, whereas, by order in Council dated the fourteenth day of August, one thousand eight hundred and seventy-nine, Her Majesty has been pleased to direct that on and after the first day of September, one thousand eight hundred and eighty, the said Regulations and the additions thereto shall be annulled, and that there should be substituted therefor the new Regulations contained in the first Schedule thereto, and that the same shall from and after the said first day of September, one thousand eight hundred and eighty, apply to ships of the countries mentioned in the second Schedule thereto, whether within British jurisdiction or not :

And, whereas, it has been made to appear to Her Majesty that the following Governments : that is to say,—

The Government of	Khelat ;
" "	Muscat ;
" "	Zanzibar ;
" "	Cochin ;
" "	Travancore ;
" "	Kutch ; and
" "	Kattyawar,

are willing that from and after the said first day of September, one thousand eight hundred and eighty, the said new Regulations, a copy whereof is hereunto appended, contained in the first Schedule of the said recited order in Council of the fourteenth day of August, one thousand eight hundred and seventy-nine, shall, with the exception of Article 10 thereof, apply to ships belonging to their respective countries when beyond the limits of British jurisdiction :

Now, therefore, Her Majesty, by virtue of the power vested in Her by the said recited Act, and by and with the advice and consent of Her Privy Council, is pleased to direct :

That from and after the first day of September, one thousand eight hundred and eighty, the said new Regulations for preventing collisions at sea, a copy whereof is hereunto appended, contained in the first Schedule of the said recited order in Council of the fourteenth day of August, one thousand eight hundred and seventy-nine, shall, with the exception of Article 10 thereof, apply to ships belonging to the following countries ; that is to say,—

Khelat ;	Cochin ;

REGULATIONS FOR PREVENTING COLLISIONS AT SEA REFERRED TO IN THE FOREGOING ORDERS.

Preliminary.

ARTICLE 1. In the following rules every steam-ship which is under sail and not under steam is to be considered a sailing ship ; and every steam-ship which is under steam, whether under sail or not, is to be considered a ship under steam.

Rules concerning Lights.

ARTICLE 2. The lights mentioned in the following Articles, numbered 3, 4, 5, 6, 7, 8, 9, 10, and 11, and no others, shall be carried in all weathers, from sunset to sunrise.

ARTICLE 3. A sea-going steam-ship, when under way, shall carry—

- (a) On or in front of the foremast at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet then at a height above the hull of not less than such breadth, a bright white light so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass; so fixed as to throw the light 10 points on each side of ship, viz. from right ahead to 2 points abaft the beam on either side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.
- (b) On the starboard side, a green light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (c) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (d) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ARTICLE 4. A steam-ship, when towing another ship, shall, in addition to her side lights, carry two bright white lights in a vertical line one over the other, not less than three feet apart, so as to distinguish her from other steam-ships. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light which other steam-ships are required to carry.

ARTICLE 5. A ship, whether a steam-ship or a sailing ship, when employed either in laying or in picking up a telegraph cable, or which from any accident is not under command, shall at night carry, in the same position as the white light which steam-ships are required to carry, and, if a steam-ship, in place of that light three red lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line one over the other, not less than three feet apart; and shall by day carry in a vertical line one over the other, not less than three feet apart, in front of but not lower than her foremast head, three black balls or shapes, each two feet in diameter.

These shapes and lights are to be taken by approaching ships as signals that the ship using them is not under command, and cannot therefore get out of the way.

The above ships, when not making any way through the water, shall not carry the side lights, but when making way shall carry them.

ARTICLE 6. A sailing ship under way, or being towed, shall carry the same lights as are provided by Article 3 for a steam-ship under way, with the exception of the white light, which she shall never carry.

ARTICLE 7. Whenever, as in the case of small vessels during bad weather, the green and red side lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

ARTICLE 8. A ship, whether a steam-ship or a sailing ship, when at anchor, shall carry, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light, in a globular lantern of not less than 8 inches in diameter, and so constructed as to show a clear uniform and unbroken light visible all round the horizon, at a distance of at least one mile.

ARTICLE 9. A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

ARTICLE 10. (a) Open fishing boats, and other open boats, when under way, shall not be obliged to carry the side lights required for other vessels; but every such boat shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side; and on the approach of or to other vessels, such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side, nor the red light on the starboard side.

(b) A fishing vessel, and an open boat, when at anchor, shall exhibit a bright white light.

- (c) *A fishing vessel, when employed in drift net fishing, shall carry on one of her masts two red lights in a vertical line one over the other, not less than three feet apart.*
- (d) *A trawler at work shall carry on one of her masts two lights in a vertical line one over the other, not less than three feet apart, the upper light red, and the lower green, and shall also either carry the side lights required for other vessels, or, if the side lights cannot be carried, have ready at hand the coloured lights as provided in Article 7, or a lantern with a red and a green glass as described in paragraph (a) of this Article.*
- (e) *Fishing vessels, and open boats, shall not be prevented from using a flare-up in addition, if they desire to do so.*
- (f) *The lights mentioned in this Article are substituted for those mentioned in the 12th, 13th, and 14th Articles of the Convention between France and England scheduled to the British Sea Fisheries Act, 1868.*
- (g) *All lights required by this Article, except side lights, shall be in globular lanterns so constructed as to show all round the horizon.*

ARTICLE 10. This Article does not apply to fishing boats, open boats, or trawlers belonging to the several countries mentioned in the foregoing Order, viz., Kelat, Muscat, Zanzibar, Travancore, Kutch and Kattyawar.

ARTICLE 11. A ship which is being overtaken by another shall show from her stern to such last-mentioned ship a white light or a flare-up light.

Sound Signals for Fog, &c.

ARTICLE 12. A steam-ship shall be provided with a steam whistle or other efficient steam sound signal, so placed that the sound may not be intercepted by any obstructions, and with an efficient fog horn to be sounded by a bellows or other mechanical means, and also with an efficient bell. A sailing ship shall be provided with a similar fog horn and bell.

In fog, mist, or falling snow, whether by day or night, the signals described in this Article shall be used as follows; that is to say—

- (a) A steam-ship under way shall make with her steam whistle, or other steam sound signal, at intervals of not more than two minutes, a prolonged blast.
- (b) A sailing ship under way shall make with her fog horn, at intervals of not more than two minutes, when on the starboard tack, one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.
- (c) A steam-ship and a sailing ship, when not under way, shall at intervals of not more than two minutes ring the bell.

Speed of Ships to be moderate in Fog, &c.

ARTICLE 13. Every ship, whether a sailing ship or steam-ship, shall in a fog, mist, or fallings now, go at a moderate speed.

Steering and Sailing Rules.

ARTICLE 14. When two sailing ships are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, viz.:—

- (a) A ship which is running free shall keep out of the way of a ship which is close-hauled.
- (b) A ship which is close-hauled on the port tack shall keep out of the way of a ship which is close-hauled on the starboard tack.
- (c) When both are running free with the wind on different sides, the ship which has the wind on the port side shall keep out of the way of the other.
- (d) When both are running free with the wind on the same side, the ship which is to windward shall keep out of the way of the ship which is to leeward.
- (e) A ship which has the wind aft shall keep out of the way of the other ship.

ARTICLE 15. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on, to the other: in other words, to cases in which, by day, each ship sees the masts of the other in a line, or nearly in a line, with her own; and by night to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

ARTICLE 16. If two ships under steam are crossing, so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

ARTICLE 17. If two ships, one of which is a sailing ship and the other a steam-ship, are proceeding in such directions as to involve risk of collision, the steam-ship shall keep out of the way of the sailing ship.

ARTICLE 18. Every steam-ship when approaching another ship, so as to involve risk of collision, shall slacken her speed or stop and reverse, if necessary.

ARTICLE 19. In taking any course authorized or required by these Regulations, a steam-ship under way may indicate that course to any other ship which she has in sight by the following signals on her steam whistle, viz :—

One short blast to mean "I am directing my course to starboard ;"

Two short blasts to mean "I am directing my course to port ;"

Three short blasts to mean "I am going full speed astern."

The use of these signals is optional; but if they are used, the course of the ship must be in accordance with the signal made.

ARTICLE 20. Notwithstanding anything contained in any preceding Article, every ship, whether a sailing ship or a steam-ship, overtaking any other, shall keep out of the way of the overtaken ship.

ARTICLE 21. In narrow channels every steam-ship shall, when it is safe and practicable, keep to that side of the fairway or mid channel which lies on the starboard side of such ship.

ARTICLE 22. Where by the above rules one of two ships is to keep out of the way, the other shall keep her course.

ARTICLE 23. In obeying and construing these rules due regard shall be had to all dangers of navigation; and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

No Ship under any circumstances to neglect proper Precautions.

ARTICLE 24. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Reservation of Rules for Harbours and Inland Navigation.

ARTICLE 25. Nothing in these rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbour, river, or inland navigation.

Special Lights for Squadrons and Convoys.

ARTICLE 26. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war or for ships sailing under convoy.

NOTIFICATION.

The 26th November 1880.—It is hereby notified, under section 4 of Act VII of 1878 (the Indian Forest Act), that it is proposed to constitute the areas in the Singbhoom district, boundaries of which are described below, Reserved Forests under the provisions of the said Act :—

Districts.	Pergunnah or other sub-division.	Name of Forest.	Description of boundaries.
Singbhoom ...	Saranda ...	Saranda ...	North.—The "Karo" river. East.—The Karo river to the southern boundary of the Singbhoom district. South.—The southern boundary of the Singbhoom district adjoining the states of Keonjhar and Bonai and westwards to the Gambura hill. West.—From the Gambura hill along the boundary of the Singbhoom district adjoining the State of Gangpur, northward to where the Radhamohun Nuddie meets the Sumtear Nuddie, then up the Sumtear Nuddie and one of its feeders, then a demarcated line to the Kopsinga Nuddie, then that Nuddie, then a demarcated line northwards to the southern boundary of Abiram Tung's estate, then the boundary of that estate to the Koina river, then up that river to the foot of Nandka hill, then a demarcated line, first north-west, then north, east, then north-west again, to the "Karo" river. From this will be omitted the village lands in the Koina Valley round Jojogutee to be demarcated by boundary lines following approximately the base of the hills.
Singbhoom ...	Kolehan ...	Kolehan ...	North.—A demarcated line starting from the "Karo" river northward and forming the boundary of the Anandpore estate to the road leading to Saitha, then that road as far as Saitha village. East.—A line starting from the above road near the Saitha village and following the foot of the hills, first south, then south-east, then generally south-west to the Kumirta Nuddie. South.—The Kumirta Nuddie. West.—The Karo river.
Singbhoom ...	Porahat ...	Porahat ...	North.—The Karo river. East.—Ditto. South.—The Koel river. West.—The boundary between the Lohardugga and Singbhoom districts.

The Lieutenant-Governor is pleased to appoint the Deputy Commissioner of Singbhoon to be the Forest Settlement Officer, under the provisions of Chapter II of Act VII of 1878, who, in consultation with the Forest Officer and Baboo Abhiram Tung of Saranda Peer, shall enquire into and determine the boundaries to be finally laid down, and the existence, nature, and extent of any rights alleged to exist in favour of any person over any lands comprised within the boundaries specified above or in or over any forest produce to be found therein, and deal with the same as by law provided.

The 25th November 1880.—The following notification is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

GOVERNMENT OF INDIA—MARINE BRANCH—MILITARY DEPARTMENT.

NOTICE TO MARINERS.—(No. 19.)

RED SEA—GULF OF SUEZ.

Suez Bay—Lights at Port Ibrahim.

With reference to Notice to Mariners, No. 9, issued from this Department on 7th August 1880, the Controller-General of Egyptian Light-houses at Alexandria points out that the information therein contained—which was reprinted from the Notice to Mariners No. 111, issued by the British Hydrographic Office on 5th July 1880—is inexact in some particulars.

The following revised information is therefore published:—

1. Two floating light-buoys painted black are placed 897 yards seaward of the entrance of the harbour, from which lights may be exhibited on application at the Port Office—*red* on the northern side of the channel; *green* on the southern side.
2. A fixed *red* light is shown from the extremity of the north mole head; a fixed *green* light, from the extremity of the south mole head.
3. A fixed *white* light is shown from the extreme (western) end of the inner pier of the harbour.

NOTE.—The foregoing *green* and *red* lights mark the channel into the port.

Entering Port Ibrahim—the *red* lights are left on the port hand, the *green* lights on the starboard hand, the vessel being steered for the white light on the inner pier.

Buoyage.

Also, that a buoy has been placed on each side of the channel to Port Ibrahim, 568 yards from the mole heads—the northern buoy in a line with the red lights, the southern buoy in a line with the green lights.

By Direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr. (late I. N.),*

Superintendent, Marine Survey of India.

MARINE SURVEY DEPARTMENT, CALCUTTA, the 19th November 1880.

This Notice affects the following:—

BRITISH ADMIRALTY Charts, Nos. 2523, 8a, 757, 233, and 734.

„ „ Sailing Directions; Red Sea Pilot, 1873, pages 23 and 36.

„ „ Light List for 1880.

INDIAN MARINE SURVEY Light List for 1880; also Taylor's Sailing Directory, Vol. I, page 27.

If this Notice is received on board ship, the substance of it should be inserted on the Charts affected by it, and introduced into the Sailing Directions to which it relates.

NOTIFICATION.

The 25th November 1880.—The following Notifications, Nos. 10 and 11 of 1880-81, of the Chief Commissioner of the Andaman and Nicobar Islands and Superintendent of Port Blair and Nicobars, are published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

No. 10 of 1880-81.—It having been brought to the notice of the Chief Commissioner of the Andaman and Nicobar Islands that trading vessels are in the habit of visiting the Nicobar Islands without authority, such being contrary to the provisions of sections 15 and 16 of the Andaman and Nicobar Regulation, 1876, notice is hereby given to the Masters and owners of all vessels employed in the Nicobar trade that, on and after the 1st January 1881, the provisions of this Regulation will be rigidly enforced.

The Master of any vessel wishing to trade with any of the said islands must call at Port Blair or the Port of Camorta, which are the only declared ports in the Andaman and Nicobar Islands, and must obtain from the Conservator of either port a written permission to visit any of the said islands.

After the above date the Master of any vessel found at any of the Nicobar Islands without such written authority, will be prosecuted as the law directs.

Notice is also given that the importation into the said islands, of Arms, Ammunition or Military Stores, and also of Spirituous Liquors of any description, is strictly prohibited, and that Permits will not be granted to vessels having on board any of the said articles.

Sections 15 and 16, Andaman and Nicobar Regulation, 1876, are republished for general information :—

“PART IV.—OF THE ARRIVAL AND DEPARTURE OF VESSELS, AND THE LANDING OF PASSENGERS AND GOODS.”

“15. The Master of any vessel shall not land or anchor such vessel for the purpose of landing any person or any goods or things, at any place on the coast of any of the said islands, except at such place as may be declared a port under the provisions of the Act for the time being in force for the regulation of ports and port-dues.”

Penalty for Master anchoring his vessel for the purpose of landing of passengers or goods at unauthorized port

“Any Master so offending shall be liable to a fine not exceeding one thousand rupees.”

“16. No person shall land from any vessel at any place on the coast of any of the said islands, not within the limits of some port declared under the provisions of such Act.”

Penalty for landing at unauthorized port.

“Any person so offending shall be liable to a fine not exceeding five hundred rupees, and any goods or thing landed from any vessel except within such limits, may be seized by any person in the employment of Government, and may be confiscated if the Chief Commissioner, or any officer empowered by him in this behalf, so directs.”

No. 11 of 1880-81.—The Officer for the time being in charge of the Nicobars is invested with the powers defined in section 20 of the Andaman and Nicobar Regulation as regards the confiscation of property landed without a formal license.

T. CADELL, *Lieut.-Colonel,*

Offg. Chief Commr. of the Andaman & Nicobar Islands, and Supdt. of Port Blair and Nicobars.

On or about Thursday 1st December			4,700
Total	56,400

The following are the conditions of sale :—

1.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 13 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin,

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 900 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M. or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said promissory notes shall be absolutely payable in any event and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such note or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the 5th condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium after making full payment as above prescribed shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this Office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand,

tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that, in providing the investment of the opium manufactured at the Patna factory and the opium manufactured at the Ghazee pore factory for the year 1879-80, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazee pore factories, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—The attention of the public is particularly drawn to the fact that of the aforesaid 15,204 chests of the opium manufactured at the Ghazee pore factory, of the season 1878-79, 1,729 chests consist of opium specially manufactured at a consistence of 75°, and also to the fact that the ordinary opium manufactured at the Ghazee pore factory of that season is of unusually high consistence. The numbers and the distinctive marks of the 1,729 chests of 75° consistence will be duly mentioned in the notifications of the sales in which they will be brought forward.

19.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

20.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of opium manufactured at the Patna and Ghazee pore factories declared as above for sale at the twelve sales of the year 1881, there shall be delivered to them, at the average of the particular sale or sales to which the opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of opium required by them at any particular sale within thirty days from the advertisement of such intended sale: provided, however, that the Agent of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for opium within the time above mentioned, the entire quantity of about 56,400 chests of opium manufactured at the Patna and Ghazee pore factories, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of

Bengal reserves to itself the right of disposing of the opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which opium shall have been sold at every such periodical sale, it being understood that if the quantity of opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

NOTIFICATION.

The 11th December 1880.—The following rules, passed by the Lieutenant-Governor of Bengal, under Section 75 (d) of the Indian Forest Act VII of 1878, are hereby published for general information. These rules apply to the districts of Darjeeling and Jalpigoree, and will hold good during the season in which fires may be expected to occur,—from the 1st November in one year to the 1st June in the next:—

1. Any person living in the vicinity of a Government forest reserve, or occupying or using land in such vicinity, and desirous of clearing by fire any standing forest or grass land near that reserve, in a locality from which such fire would be likely to endanger the reserve, shall observe the following rules:—

1.—He shall give notice of at least one week to the nearest forest officer, ranger, or forester, of his intention.

2.—He shall clear a belt of land at least 20 feet broad on the side of the land he proposes to burn nearest to the forest reserve.

3.—He shall choose for such burning a day or time when a high wind is not blowing.

4.—He shall light the fire in a direction contrary to the prevailing wind.

2. Any such person desirous of burning, on land adjoining a forest reserve, wood, grass, or weeds, or other cut material, shall collect that material into heaps, and burn it separately in such a way that the fire may not endanger the forest reserve.

3. Any person collecting inflammable forest produce, such as grass and bamboos, on land adjoining a forest reserve, and any holder of a permit to collect such materials from the forest reserve, shall stack the material so collected in an open space, as far removed as possible from the forest.

4. All persons travelling on roads passing through or along the boundary of a forest reserve shall camp only at such places as may be cleared and set apart for the purpose of camping-grounds by the forest officer, who shall yearly publish a list of such grounds in the vicinity of the reserve. Camping at other localities than those so set apart is forbidden; and all persons so camping shall light any fires they may make for cooking or other purposes in such a way as not to endanger the forest reserve, or the buildings or property on the camping-ground; and they shall extinguish all such fires before leaving the camping-ground.

5. The carriage of burning wood, fire-brands, or torches, through or along the boundary of any reserved forest, is prohibited.

MALAY PENINSULA—WEST COAST—MALACCA STRAIT.

Intermittent Flashing Light on Pulo Undan.

THE Master Attendant, Singapore, has given notice that on and after the 1st of December 1880, an intermittent flashing light would be exhibited from a light-tower on Pulo Undan, or Outer Water Island, situated 10 miles S. E. by S. of Malacca flagstaff.

The light is an intermittent flashing light, shewing intervals of ten and twenty seconds, elevated 155 feet above the sea, and should be visible in clear weather in every direction seaward, from a distance of 20 miles.

The light-house—built on the summit of the island, which is 100 feet high—is a square, two-storied structure, with an octagonal tower in the centre, on which the lantern is placed: the tower and balcony of the upper story are painted red; the remainder of the building is white.

The illuminating apparatus is of the third order.

Position as given: Latitude $2^{\circ} 3' 0''$ N.; Longitude $102^{\circ} 20' 30''$ E.

NOTE.—The fixed light at present exhibited from the tower on St. Paul's Hill, Malacca, will be continued as a harbour light until further notice.

NOTIFICATION.

The 3rd December 1880.—“ The Lieutenant-Governor is pleased to publish the following order in Council for general information, in continuation of the order in Council dated the 24th March 1880.”

A. MACKENZIE,
Secy. to the Govt. of Bengal.

At the Court at Balmoral, the 6th day of September 1880.

Present :

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by an Order in Council made in pursuance of the Merchant Shipping Act Amendment Act, 1862, and dated the ninth day of January, one thousand eight hundred and sixty-three, Her Majesty was pleased to direct :—First, that the Regulations contained in the Schedule to the said Act should be modified by the substitution for such Regulations of certain Regulations appended to the said Order :

Secondly, that the said Regulations appended to the said Order should, on and after the first day of June, one thousand eight hundred and sixty-three, apply to French ships, whether within British jurisdiction or not :

And, whereas, by several orders in Council subsequently made, Her Majesty was pleased to direct that the Regulations appended to the said order of the ninth of January, one thousand eight hundred and sixty-three, should apply to ships of the countries specified in the said orders, whether within British jurisdiction or not :

And, whereas, by order in Council dated the thirtieth day of July, one thousand eight hundred and sixty-eight, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to make certain additions to the regulations appended to the said first-recited order in Council, for the purpose of explaining Articles 11 and 13 of the said Regulations, and of removing doubt and misapprehension concerning the effect of the said two Articles :

And, whereas, by order in Council dated the fourteenth day of August, one thousand eight hundred and seventy-nine, Her Majesty has been pleased to direct that on and after the first day of September, one thousand eight hundred and eighty, the said Regulations and the additions thereto shall be annulled, and that there should be substituted therefor the new Regulations contained in the first Schedule thereto, and that the same shall from and after the said first day of September, one thousand eight hundred and eighty, apply to ships of the countries mentioned in the second Schedule thereto, whether within British jurisdiction or not :

And, whereas, it has been made to appear to Her Majesty that the following Governments : that is to say,—

The Government of	Khelat ;
”	Muscat ;
”	Zanzibar ;
”	Cochin ;
”	Travancore ;
”	Kutch ; and
”	Kattyawar,

are willing that from and after the said first day of September, one thousand eight hundred and eighty, the said new Regulations, a copy whereof is hereunto appended, contained in the first Schedule of the said recited order in Council of the fourteenth day of August, one thousand eight hundred and seventy-nine, shall, with the exception of Article 10 thereof, apply to ships belonging to their respective countries when beyond the limits of British jurisdiction :

Now, therefore, Her Majesty, by virtue of the power vested in Her by the said recited Act, and by and with the advice and consent of Her Privy Council, is pleased to direct :

That from and after the first day of September, one thousand eight hundred and eighty, the said new Regulations for preventing collisions at sea, a copy whereof is hereunto appended, contained in the first Schedule of the said recited order in Council of the fourteenth day of August, one thousand eight hundred and seventy-nine, shall, with the exception of Article 10 thereof, apply to ships belonging to the following countries ; that is to say,—

Khelat ;	Cochin ;
Muscat ;	Travancore ;
Zanzibar ;	Kutch ; and
	Kattyawar,

whether within British jurisdiction or not.

C. L. Peel.

REGULATIONS FOR PREVENTING COLLISIONS AT SEA REFERRED TO IN THE FOREGOING
ORDERS.

Preliminary.

ARTICLE 1. In the following rules every steam-ship which is under sail and not under steam is to be considered a sailing ship; and every steam-ship which is under steam, whether under sail or not, is to be considered a ship under steam.

Rules concerning Lights.

ARTICLE 2. The lights mentioned in the following Articles, numbered 3, 4, 5, 6, 7, 8, 9, 10, and 11, and no others, shall be carried in all weathers, from sunset to sunrise.

ARTICLE 3. A sea-going steam-ship, when under way, shall carry—

- (a) On or in front of the foremast at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet then at a height above the hull of not less than such breadth, a bright white light so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass; so fixed as to throw the light 10 points on each side of ship, viz., from right ahead to 2 points abaft the beam on either side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.
- (b) On the starboard side, a green light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (c) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (d) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ARTICLE 4. A steam-ship, when towing another ship, shall, in addition to her side lights, carry two bright white lights in a vertical line one over the other, not less than three feet apart, so as to distinguish her from other steam-ships. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light which other steam-ships are required to carry.

ARTICLE 5. A ship, whether a steam-ship or a sailing ship, when employed either in laying or in picking up a telegraph cable, or which from any accident is not under command, shall at night carry, in the same position as the white light which steam-ships are required to carry, and, if a steam-ship, in place of that light three red lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line one over the other, not less than three feet apart; and shall by day carry in a vertical line one over the other, not less than three feet apart, in front of but not lower than her foremast head, three black balls or shapes, each two feet in diameter.

These shapes and lights are to be taken by approaching ships as signals that the ship using them is not under command, and cannot therefore get out of the way.

The above ships, when not making any way through the water, shall not carry the side lights, but when making way shall carry them.

ARTICLE 6. A sailing ship under way, or being towed, shall carry the same lights as are provided by Article 3 for a steam-ship under way, with the exception of the white light, which she shall never carry.

ARTICLE 7. Whenever, as in the case of small vessels during bad weather, the green and red side lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

ARTICLE 8. A ship, whether a steam-ship or a sailing ship, when at anchor, shall carry, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light, in a globular lantern of not less than 8 inches in diameter, and so constructed as to show a clear uniform and unbroken light visible all round the horizon, at a distance of at least one mile.

ARTICLE 9. A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

ARTICLE 10. (a) *Open fishing boats, and other open boats, when under way, shall not be obliged to carry the side lights required for other vessels; but every such boat shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side; and on the approach of or to other vessels, such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side, nor the red light on the starboard side.*

(b) *A fishing vessel, and an open boat, when at anchor, shall exhibit a bright white light.*

(c) *A fishing vessel, when employed in drift net fishing, shall carry on one of her masts two red lights in a vertical line one over the other, not less than three feet apart.*

(d) *A trawler at work shall carry on one of her masts two lights in a vertical line one over the other, not less than three feet apart, the upper light red, and the lower green, and shall also either carry the side lights required for other vessels, or, if the side lights cannot be carried, have ready at hand the coloured lights as provided in Article 7, or a lantern with a red and a green glass as described in paragraph (a) of this Article.*

(e) *Fishing vessels, and open boats, shall not be prevented from using a flare-up in addition, if they desire to do so.*

(f) *The lights mentioned in this Article are substituted for those mentioned in the 12th, 13th, and 14th Articles of the Convention between France and England scheduled to the British Sea Fisheries Act, 1868.*

(g) *All lights required by this Article, except side lights, shall be in globular lanterns so constructed as to show all round the horizon.*

ARTICLE 10. This Article does not apply to fishing boats, open boats, or trawlers belonging to the several countries mentioned in the foregoing Order, viz., Kelat, Muscat, Zanzibar, Travancore, Kutch and Kattyawar.

ARTICLE 11. A ship which is being overtaken by another shall show from her stern to such last-mentioned ship a white light or a flare-up light.

Sound Signals for Fog, &c.

ARTICLE 12. A steam-ship shall be provided with a steam whistle or other efficient steam soundsignal, so placed that the sound may not be intercepted by any obstructions, and with an efficient fog horn to be sounded by a bellows or other mechanical means, and also with an efficient bell. A sailing ship shall be provided with a similar fog horn and bell.

In fog, mist, or falling snow, whether by day or night, the signals described in this Article shall be used as follows; that is to say—

(a) A steam-ship under way shall make with her steam whistle, or other steam sound signal, at intervals of not more than two minutes, a prolonged blast.

(b) A sailing ship under way shall make with her fog horn, at intervals of not more than two minutes, when on the starboard tack, one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(c) A steam-ship and a sailing ship, when not under way, shall at intervals of not more than two minutes ring the bell.

Speed of Ships to be moderate in Fog, &c.

ARTICLE 13. Every ship, whether a sailing ship or steam-ship, shall in a fog, mist, or fallings now, go at a moderate speed.

Steering and Sailing Rules.

ARTICLE 14. When two sailing ships are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, viz.:—

(a) A ship which is running free shall keep out of the way of a ship which is close-hauled.

(b) A ship which is close-hauled on the port tack shall keep out of the way of a ship which is close-hauled on the starboard tack.

(c) When both are running free with the wind on different sides, the ship which has the wind on the port side shall keep out of the way of the other.

(d) When both are running free with the wind on the same side, the ship which is to windward shall keep out of the way of the ship which is to leeward.

(e) A ship which has the wind aft shall keep out of the way of the other ship.

ARTICLE 15. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on, to the other: in other words, to cases in which, by day, each ship sees the masts of the other in a line, or nearly in a line, with her own; and by night to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

ARTICLE 16. If two ships under steam are crossing, so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

ARTICLE 17. If two ships, one of which is a sailing ship and the other a steam-ship, are proceeding in such directions as to involve risk of collision, the steam-ship shall keep out of the way of the sailing ship.

ARTICLE 18. Every steam-ship when approaching another ship, so as to involve risk of collision, shall slacken her speed or stop and reverse, if necessary.

ARTICLE 19. In taking any course authorized or required by these Regulations, a steam-ship under way may indicate that course to any other ship which she has in sight by the following signals on her steam whistle, viz:—

One short blast to mean "I am directing my course to starboard;"

Two short blasts to mean "I am directing my course to port;"

Three short blasts to mean "I am going full speed astern."

The use of these signals is optional; but if they are used, the course of the ship must be in accordance with the signal made.

ARTICLE 20. Notwithstanding anything contained in any preceding Article, every ship, whether a sailing ship or a steam-ship, overtaking any other, shall keep out of the way of the overtaken ship.

ARTICLE 21. In narrow channels every steam-ship shall, when it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such ship.

ARTICLE 22. Where by the above rules one of two ships is to keep out of the way, the other shall keep her course.

ARTICLE 23. In obeying and construing these rules due regard shall be had to all dangers of navigation; and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

No Ship under any circumstances to neglect proper Precautions.

ARTICLE 24. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Reservation of Rules for Harbours and Inland Navigation.

ARTICLE 25. Nothing in these rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbour, river, or inland navigation.

Special Lights for Squadrons and Convoys.

ARTICLE 26. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war or for ships sailing under convoy.

deposit for every bid additional, to the
extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M. or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank

of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said promissory notes shall be absolutely payable in any event and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such note or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the 5th condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium after making full payment as above prescribed shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this Office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand

tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that, in providing the investment of the opium manufactured at the Patna factory and the opium manufactured at the Ghazee pore factory for the year 1879-80, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazee pore factories, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—The attention of the public is particularly drawn to the fact that of the aforesaid 15,204 chests of the opium manufactured at the Ghazee pore factory, of the season 1878-79, 1,729 chests consist of opium specially manufactured at a consistence of 75°, and also to the fact that the ordinary opium manufactured at the Ghazee pore factory of that season is of unusually high consistence. The numbers and the distinctive marks of the 1,729 chests of 75° consistence will be duly mentioned in the notifications of the sales in which they will be brought forward.

19.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

20.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of opium manufactured at the Patna and Ghazee pore factories declared as above for sale at the twelve sales of the year 1881, there shall be delivered to them, at the average of the particular sale or sales to which the opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of opium required by them at any particular sale within thirty days from the advertisement of such intended sale: provided, however, that the Agent of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for opium within the time above mentioned, the entire quantity of about 56,400 chests of opium manufac-

tured at the Patna and Ghazee pore factories, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which opium shall have been sold at every such periodical sale, it being understood that if the quantity of opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

No. 1356B.

NOTICE is hereby given that the First Sale of Opium, the provision of 1878-79, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Monday, the 3rd January 1881, at 11 A.M., and will comprise 4,700 chests, viz.—

					Chests.
Behar	Opium	2,350
Benares	"	2,350
Total					4,700

Of the 2,350 chests of Benares Opium, 500 are of a consistence of 75°. The usual consistence of Benares opium is 70°. These 500 chests are numbered 18447 to 18946, and are marked with a red × on each end.

2. The general conditions of the sale now advertized will be the same as usual. They may be ascertained by reference to the Notification issued on the 2nd December 1879, and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 8th and 18th January 1881, respectively,—that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 1-30 P.M. of Saturday, the 8th January 1881, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Tuesday, the 18th January 1881.

4. The following table shows the quantity of opium that will be brought to sale in the next twelve months. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

NOTIFICATION.

The 11th December 1880.—The following rules, passed by the Lieutenant-Governor of Bengal, under Section 75 (d) of the Indian Forest Act VII of 1878, are hereby published for general information. These rules apply to the districts of Darjeeling and Julpigoree, and

will hold good during the season in which fires may be expected to occur,—from the 1st November in one year to the 1st June in the next:—

1. Any person living in the vicinity of a Government forest reserve, or occupying or using land in such vicinity, and desirous of clearing by fire any standing forest or grass land near that reserve, in a locality from which such fire would be likely to endanger the reserve, shall observe the following rules:—

- 1.—He shall give notice of at least one week to the nearest forest officer, ranger, or forester, of his intention.
- 2.—He shall clear a belt of land at least 20 feet broad on the side of the land he proposes to burn nearest to the forest reserve.
- 3.—He shall choose for such burning a day or time when a high wind is not blowing.
- 4.—He shall light the fire in a direction contrary to the prevailing wind.

2. Any such person desirous of burning, on land adjoining a forest reserve, wood, grass, or weeds, or other cut material, shall collect that material into heaps, and burn it separately in such a way that the fire may not endanger the forest reserve.

3. Any person collecting inflammable forest produce, such as grass and bamboos, on land adjoining a forest reserve, and any holder of a permit to collect such materials from the forest reserve, shall stack the material so collected in an open space, as far removed as possible from the forest.

4. All persons travelling on roads passing through or along the boundary of a forest reserve shall camp only at such places as may be cleared and set apart for the purpose of camping-grounds by the forest officer, who shall yearly publish a list of such grounds in the vicinity of the reserve. Camping at other localities than those so set apart is forbidden; and all persons so camping shall light any fires they may make for cooking or other purposes in such a way as not to endanger the forest reserve, or the buildings or property on the camping-ground; and they shall extinguish all such fires before leaving the camping-ground.

5. The carriage of burning wood, fire-brands, or torches, through or along the boundary of any reserved forest, is prohibited.

NOTIFICATION OF THE BOARD OF REVENUE.

No. 1382B.

NOTICE is hereby given that the Provision Opium to be brought forward for sale by public auction in the year 1881 will consist of about 28,200 chests prepared at the Patna factory, each chest of which is believed to contain 1 maund 18 seers 12 chittacks of pure opium, besides 9 seers 6 chittacks used for pasting the leaves of the shell, and about 28,200 chests prepared at the Ghazee-pore factory, each chest of which is believed to contain 1 maund 18 seers 12 chittacks of pure opium, besides 9 seers 6 chittacks used for pasting the leaves of the shell; being of the two seasons 1878-79 and 1879-80 in the proportion marginally noted.

2. The dates on or about which the sales will be held, and the total quantity of opium as well as the respective quantities manufactured at the Patna and Ghazee-pore factories, which will be brought forward for sale every month, are specified below. The Board of Revenue reserve to themselves the right of altering the dates, should circumstances render it expedient to do so. Agreeably to the terms of the notification of the Government of India, No. 1212, dated 8th March 1879, the monthly provision of 4,700 chests of opium will neither be increased nor diminished until at least twelve calendar months after notice published either in the *Gazette of India* or in the *Calcutta Gazette*; nor will the division of the monthly provision of 4,700 chests into 2,350 chests of opium manufactured at the Patna factory, and 2,350 chests of opium manufactured at the Ghazee-pore factory be modified until at least six calendar months after notice published in like manner:—

The following are the conditions of sale:—

1.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 13 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M. or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank

of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said promissory notes shall be absolutely payable in any event and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such note or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the 5th condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium after making full payment as above prescribed shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this Office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the

same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that, in providing the investment of the opium manufactured at the Patna factory and the opium manufactured at the Ghazee pore factory for the year 1879-80, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazee pore factories, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—The attention of the public is particularly drawn to the fact that of the aforesaid 15,204 chests of the opium manufactured at the Ghazee pore factory, of the season 1878-79, 1,729 chests consist of opium specially manufactured at a consistence of 75°, and also to the fact that the ordinary opium manufactured at the Ghazee pore factory of that season is of unusually high consistence. The numbers and the distinctive marks of the 1,729 chests of 75° consistence will be duly mentioned in the notifications of the sales in which they will be brought forward.

19.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

20.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of opium manufactured at the Patna and Ghazee pore factories declared as above for sale at the twelve sales of the year 1881, there shall be delivered to them, at the average of the particular sale or sales to which the opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of opium required by them at any particular sale within thirty days from the advertisement of such intended sale: provided, however, that the Agent of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for opium within the time above mentioned, the entire quantity of about 56,400 chests of opium manufac-

tured at the Patna and Ghazee pore factories, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of

Bengal reserves to itself the right of disposing of the opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which opium shall have been sold at every such periodical sale, it being understood that if the quantity of opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

ALLOWANCES.

No. 34.—MESSING.—

In supersession of Marine Notification No. 9 of 11th May 1877, the Right Hon'ble the Governor-General in Council is pleased to notify the following rates of table money

payable for the entertainment of high functionaries, their suites, &c., on board Indian Government vessels. The rates are intended to cover all charges for messing, including wine, &c. :—

Class.	PASSENGERS.	ALLOWANCE PER DIEM.				
		For males.	For females.	FOR CHILDREN OF BOTH SEXES		
				Between 16 and 7 years.	Under 7 years.	
	<i>Captain's Table.</i>	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	
I	Viceroy and Governor-General of India.	68 0 0 for the first 7 days ...	9 0 0	5 0 0	4 0 0	
	Each individual composing the suite.	14 0 0 afterwards ...				
		14 0 0 for every day ...				
II	Governors and Commanders-in-Chief.	45 0 0 for the first 7 days ...				
	Each member of their suite ...	12 0 0 afterwards ...				
		12 0 0 for every day ...				
III	Lieutenant-Governors and Bishops.	34 0 0 for the first 7 days ...	8 0 0	4 0 0	3 0 0	
(a)	Each member of their suite ...	12 0 0 afterwards ...				
(b)	Members of Council, Chief Commissioners, General Officers, Political Residents, and Secretaries to Government.	12 0 0 for every day ...				
		34 0 0 for the first 7 days ...				
		12 0 0 afterwards ...				
		12 0 0 for the first 14 days				
IV	Political Agents ...	8 0 0 afterwards ...				

NOTE.—The above rates will be allowed for officers under class IV only when embarking under special circumstances: when travelling as ordinary passengers, the rates laid down in G. G. O. No. 35 of 25th June 1880 will be allowed.

2. When the Viceroy, a Governor, or Commander-in-Chief proceeds in a ship on a tour which requires him to disembark at various ports, the higher rate a day will in general only be paid for the seven days' entertainment following his first embarkation. If there are special reasons for repeating this payment, the officer in command of the vessel may represent the circumstance to the official entertained for consideration, and, if subsequently necessary, to the Government of India in the Marine Department.

3. When more than one distinguished person is embarked at the same time, the person of the highest rank is to be paid for according to the scale, and the other or others only at the rate of Rs. 14 or Rs. 12 a day per head, as the case may be.

4. The periods for which the rates are to be paid shall commence on the day on which the first, and shall terminate on that on which the last, dinner is taken on board.

5. Should a passenger for whom provision is made under competent authority not embark, or having embarked subsequently disembark, or be transferred to another ship, the mess will be entitled to half the allowance, to cover the expenses incurred in making the necessary preparations. No deduction is to be made from the allowance for the time passengers may land at intermediate places for their own pleasure.

6. When any official is ordered a passage, the officer commanding the vessel will inform such passenger of the rate authorized for his entertainment, and arrange for payment of the amount before the passenger leaves the ship, if possible, or, upon his certificate, by the Indian Government treasury at the port of disembarkation, or at the nearest chief port, as the case may be.

7. Should the passenger not be satisfied with the statement of the commander of the vessel as to the class in the scale under which he is required to pay, the matter is to be at once referred to the authority ordering the passage. In the event of the latter officer agreeing with the passenger, the rate specified by the commander of the vessel should be paid, and the circumstances reported to the Government of India in the Marine Department.

8. Civil and Military officers will be liable to deduction for messing under existing rules.

No. 35.—In continuation of Marine Notification No. 34 of the 25th June 1880, the Right Hon'ble the Governor-General in Council is pleased to rule that the following rates of table money shall be payable to commanders of all Indian Government vessels for the entertainment, on board such vessels, of British Commissioned Officers and of Civil Officers with rank not lower than that of Deputy Magistrate, Deputy Collector, or Extra Assistant Commissioner, together with their families and servants, when such officers travel as ordinary passengers, and not under the special rules laid down in the above order :—

	Rs. A. P.
Officers (Civil or Military) ...	4 0 0 per diem.
Lady, or female child of 16 years and upwards ...	3 0 0 "
Children of 2 and under 16 years of age ...	2 0 0 "
Children under 2 years of age ...	Free.
European servants, male or female ...	2 0 0 "
Native servants ...	0 3 0 "

2. The above rates are exclusive of the charges for liquors, &c. Officers will be liable to deduction for messing under existing rules.

RESOLUTION.—The Governor-General in Council is pleased to lay down the following in supersession of all existing rules for the grant of travelling allowance to officers in civil employ for journeys by sea or on a river :—

I.—A free passage, or refund of passage-money, may be granted at the following rates to a public servant in the civil department when travelling by sea or in a river steamer, if he would be entitled to draw travelling allowance if he were travelling on land.

II.—For the purposes of these rules—

(1) Marine officers include officers of the Marine Department holding appointments afloat or in dockyards, but not port officers, and are divided into four grades—

1st.—Commanders of vessels and Superintendents of Dockyards.

2nd.—Other executive officers, gazetted clerks, and engineers.

3rd.—Warrant officers, non-gazetted clerks, gunners, and European employés.

4th.—All others.

(2) Officers in civil employ are divided into three classes—

1st.—Covenanted civil servants, commissioned military officers, the port officers

The port officers of Calcutta, Madras, Bombay, Rangoon, Karachi, Aden, Akyab, and Moulmein.

The deputy port officers at Calcutta and Madras.

The first assistant port officers at Calcutta, Madras, and Bombay.

The second assistant port officer at Madras.

The conservator, river Indus.

mentioned in the margin, marine officers of the 1st and 2nd grades, and other uncovenanted officers with rank not lower than that of extra assistant commissioner, deputy magistrate, or deputy collector, or with salary not less

than Rs. 200 a month.

2nd.—Marine officers of the 3rd grade, warrant officers, non-commissioned military officers, European soldiers, and uncovenanted servants in superior service as defined in the Civil Pension Code, with the exception (1) of those included in the first class; and (2) of those on monthly salaries of less than Rs. 30, who ought, in the opinion of the heads of their offices, to belong to the third class.

3rd.—All other officers.

III.—An officer of the first class is entitled—

- (a) to free passage for himself or refund of passage-money at first class rates;
- (b) to free passage or refund of passage-money at lowest class rates for two, or, if his salary is not less than Rs. 1,000, for three, servants;
- (c) to the freight of such horses and tents as he would have been entitled to carry at the public expense had he been travelling by railway.

IV.—An officer of the second class is entitled to—

- (a) a free passage for himself, or refund of passage-money at middle or second class rates;
- (b) a free passage, or refund of passage-money at lowest class rates, for one servant.

V.—An officer of the third class is entitled—

- (a) to a free passage for himself, or refund of passage-money at lowest or third class rates.

VI.—Except as provided in Rule III (c), no more personal luggage can be carried at the expense of the State by an officer than the quantity, the freight on which, by custom, is included in the charge for passage.

VII.—If board is provided on the vessel either by its owners or its commander, table-money is recovered from an officer of the first class at the following rates for every day on which dinner is provided for him on board:—

- (a) If the board includes wines and liquors, three-twentieths of salary up to a maximum of Rs. 8.
- (b) If the board does not include wines and liquors, three-fortieths of salary up to a maximum of Rs. 4.

Provided that—

- (1) table-money shall not be recovered from a native of India compelled by caste or other scruples to make separate arrangements for his board;
- (2) an uncovenanted medical officer travelling between Calcutta and Port Blair in charge of convicts, is entitled to a free mess not including wine or beer;
- (3) a marine officer travelling on an Indian Government vessel will join the mess and pay the usual contribution;
- (4) a marine officer, who is entitled to free rations and is proceeding from one appointment to another in both of which he is messed will, if the charge for messing is included in the charge for passage, be allowed a free mess. If the messing is a separate charge, he will be reimbursed his actual messing expenses (exclusive of wines and beer) up to a limit of Rs. 4 a day.

VIII.—Table-money is not recovered from officers of the second and third classes. If such an officer makes his own arrangements for messing, he is entitled to table-money at the rate of three-tenths of salary, but not exceeding Rs. 3, and not less than 4 annas for every day on which he dines on board.

Provided that—

- (a) a second class passenger is not entitled to be supplied at the public expense with first class, i.e., with mess at the commander's table, unless no other mess is provided on the steamer;
- (b) a port officer on detached duty or a warrant medical officer sent from Calcutta to Port Blair in charge of convicts during his voyage to or from Port Blair is not entitled to wine or beer.

IX.—The families of officers of the second class are conveyed at the public expense. Table-money under Rule VIII will be paid at full rates for those members of the family of such an officer who are not less than six years of age, and at half-rates for other members; but a passage will not be provided for more servants than the officer may take with himself under these rules when travelling alone.

X.—The foregoing rules do not apply to an officer, other than a marine officer as provided in the 3rd proviso to Rule VII, travelling, otherwise than on payment of passage-money, in any vessel the cost of which is borne from imperial, provincial, or local funds. Such an officer is not, without the special sanction of the Government of India, entitled to any travelling allowance unless he can certify that he has, during the voyage, incurred actual personal travelling expenses, in which case he may recover the actual sum which he has so incurred, not exceeding the amount of the daily or monthly travelling allowance to which he would have been entitled for the period of the voyage if, during that period, he had travelled by land.

ORDERED that the foregoing resolution be published in the *Gazette of India* and communicated to the other Departments of the Government of India, to all Local Governments and Administrations, to the Comptroller-General, and Head Commissioner of Paper Currency, to other Chiefs of Departments administered by the Government of India in the Department of Finance and Commerce, to all Accountants-General and to Deputy Accountants-General in independent charge.

At the Court at *Windsor*, the 28th day of June 1880.

PRESENT :

The QUEEN's Most Excellent Majesty.

Lord President.

Earl Granville.

Lord Chamberlain.

Mr. Gladstone.

Whereas by an Act passed in the 37th year of Her Majesty's reign, chapter 88, intituled "The Slave Trade Act, 1873," it was amongst other things provided that "where any Treaty in relation to the Slave Trade is made after the passing of that Act, by or on behalf of Her Majesty with any Foreign State, Her Majesty may, by Order in Council, direct that, as from such date, not being earlier than the date of the Treaty, as may be specified in the Order, such Treaty shall be 'deemed' to be an existing Slave Trade Treaty within the meaning of the Act;" and it was further provided that "thereupon (as from the said date, or, if no date is specified, as from the date of such Order)" all the provisions of the Act shall apply and be construed accordingly;

And whereas on the 29th day of March 1879 a Treaty or Convention was concluded between Her Majesty's Government and the Government of the German Empire, extending to the German Empire the provisions of the Treaty made on the 20th day of December 1841 between Great Britain, Austria, France, and Russia, for the suppression of the Slave Trade, in the following terms; that is to say:—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and His Majesty the German Emperor, King of Prussia, considering it desirable that the Treaty for the suppression of the Slave Trade concluded between Great Britain, Prussia, Austria, France, and Russia, at London, on the 20th December 1841, and ratified by all these powers, with the exception of France, should be so extended to the German Empire as to correspond with the present altered circumstances, their Majesties have appointed plenipotentiaries to conclude a Convention for that purpose, namely:—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland,—the Most Honourable Robert Arthur Talbot Gascoyne Cecil, Marquis of Salisbury, Viscount Cranborne, Baron Cecil, a Peer of the United Kingdom, a Knight of the Most Noble Order of the Garter, Member of Her Majesty's Most Honourable Privy Council, Her Majesty's Principal Secretary of State for Foreign Affairs;

And His Majesty the German Emperor, King of Prussia,—His Excellency George Count Münster, Marshal Hereditary of Hanover, &c., &c., &c., Ambassador Extraordinary and Plenipotentiary of His Imperial Majesty to Her Britannic Majesty;

Who, after having communicated to each other their respective full powers found in good and due form, have agreed as follows:—

ARTICLE I.

All the rights and obligations hitherto devolving on Prussia in virtue of the above-mentioned Treaty and the Annexes thereto shall, subject to certain modifications contained in Article II of this Convention, henceforth devolve on the German Empire, as if that Empire had been a Contracting Party to the said Treaty.

ARTICLE II.

In the place of the 11th and 12th paragraphs under Head V of the Instructions to Cruisers appended to the aforesaid Treaty as Annex B, the following stipulations shall be adopted:—

All German vessels which shall be detained on the stations of America or Africa by the cruisers of the other Contracting Parties shall be taken to Cuxhaven, and be delivered up by the authorities there to the jurisdiction of that German State to which the home port of the vessel belongs.

But if slaves shall be found on board any such German vessel at the time of her detention, the vessel shall, in the first instance, be sent to deposit the slaves at that port to which she would have been taken for adjudication if she had been sailing under the English flag. The vessel shall afterwards be sent to Cuxhaven, and shall be delivered up to the competent German jurisdiction as above stipulated.

NACHDEM Ihre Majestät die Königin des Vereinigten Königreichs von Grossbritannien und Irland, und Seine Majestät der Deutsche Kaiser, König von Preussen, es für wünschenswerth erachtet haben, dass der zwischen Grossbritannien, Preussen, Oesterreich, Frankreich und Russland am 20. Dezember 1841 zu London wegen Unterdrückung des Sklavenhandels abgeschlossene, und von allen diesen Mächten mit Ausnahme Frankreichs ratifizierte Vertrag den gegenwärtigen veränderten Verhältnissen entsprechend auf das Deutsche Reich ausgedehnt werde, so haben Allerhöchstdieselben behufs einer zu diesem Zwecke zu treffenden Uebereinkunft Bevollmächtigte ernannt, und zwar:—

Ihre Majestät die Königin des Vereinigten Königreichs von Grossbritannien und Irland, den sehr ehrenwerthen Robert Arthur Talbot Gascoyne Cecil, Marquis von Salisbury, Viscount Cranborne, Baron Cecil, Pair des Vereinigten Königreichs, Ritter des Höchstedlen Ordens vom Hosenband, mitglied Ihrer Majestät Höchstehrender Geheimer Raths, Allerhöchstihren Haupt Staatssecretair für die Auswärtigen Angelegenheiten;

Und Seine Majestät der Deutsche Kaiser, König von Preussen, Seine Excellenz Georg, Grafen zu Münster, Erblandmarschall von Hannover, &c., &c., &c., Allerhöchstseinen ausserordentlichen und bevollmächtigten Botschafter bei Ihrer Grossbritannischen Majestät;

Welche, nach gegenseitiger Mittheilung ihrer in guter und gehöriger Form befundenen Vollmachten, über folgende Punkte übereingekommen sind:—

ARTIKEL I.

Alle aus dem obengedachten Vertrage und aus dessen Anlagen für Preussen herzuleitenden Rechte und Pflichten sollen vorbehaltlich gewisser im Artikel II der gegenwärtigen Uebereinkunft enthaltenen Abänderungen fortan auf das Deutsche Reich übergehen dergestalt, als ob Letzteres den erwähnten Vertrag unmittelbar mit abgeschlossen hätte.

ARTIKEL II.

An die Stelle des elften und zwölften Absatzes unter Nummer V der dem vorerwähnten Vertrage als Anlage B, angehängten Instruktion für die Kreuzer sollen folgende Abreden treten:—

Alle deutschen Schiffe, welche auf den Stationen von Amerika oder Afrika durch die Kreuzer der anderen vertragschliessenden Theile in Beschlag genommen werden sollten, sind nach Cuxhaven zu führen und durch die dortigen Behörden der Jurisdiktion desjenigen deutschen Staats zu überliefern, welchem der Heimathafen des Schiffes angehört.

Wenn aber an Bord eines solchen deutschen Schiffes im Augenblick seiner Beschlagnahme Sklaven vorgefunden werden, so ist das Schiff zovörderst, um die Sklaven abzusetzen, in denjenigen Hafen zu führen, wohin es, wenn es unter Englischer Flagge gefahren wäre, geführt worden sein würde, um vor Gericht gestellt zu werden. Demnächst ist das Schiff nach Cuxhaven zu führen und der zuständigen deutschen Jurisdiktion, wie oben vereinbart, zu überliefern.

ARTICLE III.

The present Convention shall be ratified, and the ratifications exchanged at London as soon as possible after the Governments of Austria-Hungary and Russia, parties to the Treaty of the 20th December 1841, have signified their consent to the modifications of that Treaty, agreed to in the present Convention.

In witness whereof the Undersigned have signed the present Convention in Duplicate, and have affixed thereto their seals.

Done at London on the 29th day of March 1879.

(L.S.) SALISBURY.
(L.S.) MÜNSTER.

And whereas it is expedient that the said Treaty or Convention shall be brought within the operation of the Slave Trade Act, 1873; now therefore Her Majesty, by virtue and in exercise of the powers in this behalf as aforesaid, is pleased by and with the advice of Her Privy Council to order, and it is hereby ordered as follows:—

The said Treaty or Convention hereinbefore recited shall, from the said 29th day of March 1879, being the day of the date thereof, be deemed to have been and to be an existing Slave Trade Treaty within the meaning of "The Slave Trade Act, 1873."

And the Lords Commissioners of Her Majesty's Treasury, the Right Honourable the Earl Granville, one of Her Majesty's Principal Secretaries of State, and the Lords Commissioners of the Admiralty, are to give the necessary directions herein as to them may respectively appertain.

Resolution by the Government of India in the Financial Department, No. 3556, dated 19th October 1877.

Resolution.—By this Resolution the Governor-General in Council prescribed measures for preventing legal-tender copper coin from circulating at a discount in British India, Mysore, and Berar.

In paragraph 5 His Excellency in Council directed that, if, notwithstanding the orders issued, legal-tender copper coin should, at any time or anywhere, circulate at a discount, the fact was to be immediately reported to the local Government, and by the local Government to the Government of India, "with full explanation of the causes of the phenomenon and of the measures taken to remedy the evil."

The Governor-General in Council now further directs that the report prescribed in paragraph 5 shall be made whenever legal-tender copper coin may be found to circulate at a premium. The causes of its doing so, and the measures adopted to neutralise them, must also be stated.

Order.—Ordered that this Resolution be published in the *Gazette of India*, and communicated to the several local Governments and Administrations, to the Comptroller-General, and the several Accountants-General, and Deputy Accountants-General in independent charge, and to the Mint Masters, Calcutta and Bombay.

No. 2329.—In exercise of the powers conferred by section 8 of the Indian Stamp Act, 1879, the Governor-General in Council has exempted from stamp duty agreements with Railway Companies or Administrations for the conveyance of goods and receipts given by such Companies or Administrations for fares for conveyance of passengers or goods, or both, or animals.

No. 2368.—In continuation of the Regulations for preventing Collisions at Sea, published in the *Gazette of India*, Part I, dated the 31st January 1880, the following is notified for general information and guidance :—

AT THE COURT AT WINDSOR.

The 24th day of March 1880.

PRESENT :

The Queen's Most Excellent Majesty in Council.

WHEREAS by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that on and after the first day of June one thousand eight hundred and sixty-three, or such later day as might be fixed for the purpose by Order in Council, the Regulations contained in the Table marked C in the Schedule to the said Act should come into operation and be of the same force as if they were enacted in the body of the said Act ; but that Her Majesty might from time to time, on the joint recommendation of the Admiralty and the Board of Trade, by Order in Council, annul or modify any of the said Regulations, or make new Regulations in addition thereto, or in substitution therefor ; and that any alterations in or additions to, such Regulations made in manner aforesaid should be of the same force as the Regulations in the said Schedule :

And whereas by the same Act it was further provided, that whenever it should be made to appear to Her Majesty that the Government of any foreign country was willing that the Regulations for preventing collisions contained in Table C in the Schedule to the said Act, or such other Regulations for preventing collisions as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty might, by Order in Council, direct that such Regulations should apply to the ships of the said foreign country whether within British jurisdiction or not ; and it was further provided by the said Act, that whenever an Order in Council had been issued applying any Regulation made by or in pursuance of the said Act to the ships of any foreign country, such ships should, in all cases arising in any British court, be deemed to be subject to such Regulation, and should, for the purpose of such Regulation, be treated as if they were British ships :

And whereas, by an Order in Council made in pursuance of the said recited Act, and dated the ninth day of January one thousand eight hundred and sixty-three, Her Majesty was pleased to direct that there should be substituted for the Regulations contained in the Schedule to the said Act certain Regulations appended to the said Order, and that the said appended Regulations should, on and after the first day of June one thousand eight hundred and sixty-three, apply to French ships, whether within British jurisdiction or not:

And whereas by several Orders in Council subsequently made, Her Majesty was pleased to direct that the Regulations appended to the said recited Order should apply to ships of the countries specified in the said Orders, whether within British jurisdiction or not:

And whereas by Order in Council dated the thirtieth day of July one thousand eight hundred and sixty-eight, Her Majesty was pleased to make certain additions to the Regulations appended to the said first-recited Order in Council:

And whereas by Order in Council dated the fourteenth day of August one thousand eight hundred and seventy-nine, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to direct that on and after the first day of September one thousand eight hundred and eighty, the said Regulations and the additions thereto should be annulled, and that there should be substituted therefor the new Regulations contained in the First Schedule thereto, and that the same should, from and after the first day of September one thousand eight hundred and eighty, apply to ships of the countries mentioned in the said Second Schedule thereto, whether within British jurisdiction or not:

And whereas Article numbered 9 of the Regulations appended to the said recited Order in Council of the ninth day of January one thousand eight hundred and sixty-three is as follows; that is to say,—

Art. 9.—Open fishing boats and other open boats shall not be required to carry the side lights required for other vessels; but shall, if they do not carry such lights, carry a lantern having a green slide on the one side and a red slide on the other side; and on the approach of, or to, other vessels, such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side, nor the red light on the starboard side.

Fishing vessels and open boats when at anchor, or attached to their nets and stationary, shall exhibit a bright white light.

Fishing vessels and open boats shall, however, not be prevented from using a flare-up in addition, if considered expedient.

And whereas the Article numbered 10 of the said new Regulations, contained in the First Schedule of the said recited Order in Council of the fourteenth day of August one thousand eight hundred and seventy-nine, which said Article is to be in substitution for the said recited Article numbered 9, is as follows; that is to say,—

Art. 10.—(a) Open fishing boats and other open boats when under way shall not be obliged to carry the side lights required for other vessels; but every such boat shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side; and on the approach of, or to, other vessels, such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side, nor the red light on the starboard side.

(b) A fishing vessel, and an open boat; when at anchor, shall exhibit a bright white light.

(c) A fishing vessel, when employed in drift net fishing, shall carry on one of her masts two red lights in a vertical line one over the other, not less than three feet apart.

(d) A trawler at work shall carry on one of her masts two lights in a vertical line one over the other, not less than three feet apart, the upper light red, and the lower green, and shall also either carry the side lights required for other vessels, or, if the side lights cannot be carried, have ready at hand the coloured lights as provided in Article 7, or a lantern with a red and a green glass, as described in paragraph (a) of this Article.

(e) Fishing vessels and open boats shall not be prevented from using a flare-up in addition, if they desire to do so.

(f) The lights mentioned in this Article are substituted for those mentioned in the 12th, 13th, and 14th Articles of the Convention between France and England scheduled to the British Sea Fisheries Act, 1868.

(g) All lights required by this Article, except side lights, shall be in globular lanterns so constructed as to show all round the horizon.

And whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty that the operation of the said recited Article numbered 10 of the New Regulations contained in the First Schedule of the said Order in Council of the fourteenth day of August one thousand eight hundred and seventy-nine shall be suspended until the first day of September one thousand eight hundred and eighty-one, and that, in lieu thereof and in substitution therefor, the recited Article numbered 9 of the Regulations appended to the said Order in Council of the ninth day of January one thousand eight hundred and sixty-three shall continue and remain in force until the said first day of September one thousand eight hundred and eighty-one.

NOW THEREFORE Her Majesty, by virtue of the powers vested in Her by the said recited Act, and by and with the advice of Her Privy Council, is pleased to direct that the operation of the said recited Article numbered 10 of the New Regulations contained in the First Schedule of the said Order in Council of the fourteenth day of August one thousand eight hundred and seventy-nine shall be suspended until the first day of September one thousand eight hundred and eighty-one, and that in lieu thereof and in substitution therefor, the said recited Article numbered 9 of the Regulations appended to the said Order in Council of the ninth day of January one thousand eight hundred and sixty-three shall continue and remain in force until the said first day of September one thousand eight hundred and eighty-one.
